The Hunger Congress is a fantastic opportunity for people interested in hunger issues throughout the Mid-Atlantic region - and the media - to hear from key government, elected officials, and hunger advocates about current state and federal legislative policies that will affect hunger in our region. The Congress will present a forum for legislators, experts, and advocates and an opportunity for constituents to ask questions and raise issues.

This year, the Hunger Congress will focus on fighting the systemic causes of hunger, the complexity of the poverty issue, and working together to develop workable solutions to improve the lives of low-income children and families in the nation.
