

19th Congress.  
*2d Session.*

[ Doc. No. 69. ]

HO. OF REPS.

PROHIBITION OF THE SLAVE TRADE.

---

**STATEMENT**

SHOWING THE

EXPENDITURE OF THE APPROPRIATION

FOR THE

**PROHIBITION OF THE SLAVE TRADE,**

DURING THE YEAR 1826,

AND

AN ESTIMATE FOR 1827.

---

JANUARY 30, 1827.

Printed by order of the House of Representatives of the United States.

---

WASHINGTON :

PRINTED BY GALES & SEATON.

1827.

*ESTIMATE of the sums required for the support of the Agency for re-captured Africans, on the Coast of Africa, and other expenses connected therewith, for the year 1827, in addition to any unexpended balance of former appropriations.*

1. For the maintenance of 160 Africans, more or less, now in the State of Georgia, captured by the revenue cutter Dallas, in 1820, in the brig Antelope, alias General Ramirez; for marshal's and other fees, costs of suit, &c. as certified by the Circuit Court for the District of Georgia	\$ 32,946 01
Deduct the amount heretofore paid to the marshal	- 20,286 98

\$ 12,659 03

**NOTE.**—The claim of the marshal of Georgia was fully examined in 1823, and rejected by direction of the late President Monroe, as will appear by the paper herewith, marked A. It also appears, that, during the recent sitting of the Circuit Court, the question was submitted, whether the Africans should be delivered to the United States, conformably to the decree of the Supreme Court, before the marshal's claim was satisfied, on which the Judges were divided in opinion, and ordered the fact to be certified to the Supreme Court. 59 of the Africans (about one-fourth,) have been decreed to be restored to the Spanish claimant, consequently, he will have to pay his proportion of the expenses; but, in the event of his failing to do so, it is supposed that the whole of the Africans will have to be disposed of by the Government, and the whole expense claimed from it. It is, therefore, thought prudent to estimate for the whole, to provide against such a contingency; but should the Spanish claimant redeem the number allotted, the expenditure of this item, as well as most of the others, will be proportionably decreased. A copy of the record of the Circuit Court is herewith transmitted, marked B.

2. For expenses attendant on the seizure, maintenance, and trial of 16 Africans, which were landed at New Orleans, in 1825, from the schooner Fell's Point	2,000
------------------------------------------------------------------------------------------------------------------------------------------------------------	-------

**NOTE.**—These Africans have been decreed to be delivered to the United States, and are now waiting a

## ESTIMATE—Continued.

conveyance from New Orleans to Norfolk or Baltimore, to be thence sent to Mesurado.	
3. For the transportation of 180 Africans from the United States to Cape Mesurado, at \$40 each -	\$7,200
NOTE.—The sum of \$40 each is estimated, because that is the price heretofore paid for the passage of those sent to the Agency; it is probable they may now be carried for less, but this cannot be ascertained until a vessel is chartered; 180 are assumed as the number, because the United States may be compelled to transport all that are in the country.	
4. For provisions and clothing for the above number, as well as those now at the Agency - -	5,000
NOTE.—It is expected that all those now at the Agency will be able to support themselves after the expiration of the present year.	
5. For medicines and hospital stores - -	1,000
6. For lumber and other materials, for building and repairs - - - - -	2,000
NOTE.—All the buildings contemplated have been commenced; some are finished, the others require some additional materials, and all will need repairs.	
7. For the salaries of the Principal and Assistant Agents - - - - -	2,800
8. For the various expenses of the Agency, which cannot be estimated for with any accuracy -	11,290 97
9. For the bounty, allowed by the act of 5d March, 1819, on 242 Africans, captured in the Antelope, at 25 dollars each - - - - -	6,050
10. For expenses attending any captures or seizures, which might be made during the year 1827 -	30,000
NOTE.—This sum is considered necessary to be under the control of the Executive, should any captures be made in the year, requiring little or no judicial proceedings; should such cases arise, and there be no appropriation to enable the Government to transport the Africans out of the country, they will have to be maintained at a heavy expense until an appropriation can be made.	
Dollars,	80,000

## EXPENDITURES under the Appropriation for the Prohibition of the Slave Trade, in accounts settled in the year 1826.

Date of settlement.	ACCOUNT SETTLED.	TO WHOM PAID.	PURPOSES.	TOTAL.
