TO  
THE HOUSE OF REPRESENTATIVES  
OF THE UNITED STATES,  
WHOSE VOTE, OF THE TENTH OF APRIL, 1846,\* IN THE TWENTY-NINTH  
CONGRESS, GIVES HOPE OF A RECOGNITION OF MILITARY  
SERVICE, AS A NECESSARY QUALIFICATION  
FOR COMMAND:  
THIS WORK, OF FOUR YEARS' LABOR,  
IS HUMBLY INSCRIBED,  
BY

WASHINGTON, D. C., 1853.

\* The vote was for this—

—“*Provided*, that all the officers of the aforesaid Regiment of Rifle-men shall be selected from the regular line of the United States Army.”—*Journal, H. of Reps. p. 659.*

[—Intending to embrace, for the selection, the whole army then in service :—being defective, the *Proviso* was stricken out by the Senate. The intention of the House could have been attained, fully, by these words, (as a rule, under the Constitution of the U. S. for the regulation of the land forces,) viz. :—

—Shall be selected from those who have been, at least, two years in the U. S. service, in commission or as Cadets: *Provided, also*, that no officer now in service shall be advanced more than one grade in rank; and that no retired officer shall be appointed to a higher grade of Regimental rank than that he would have held, had he continued in service ]

1. In the arrangement of names in this Dictionary, the strict alphabetical order through the entire *surnames* is observed: and where there are more than one of the same name, the order of *priority* of service is adopted;—with the single exception, that the addition or omission of a final letter, when it is a ‘silent letter,’ is not regarded (in such names as Browne, Clarke, McDowel, Steele, and the rest). The names commencing “Mc” are considered the same as *Mac*. So, also, the names commencing “St.” are considered the same as *Saint*.

2. The names of all who have been commissioned in any *permanent* corps of the Army, and have been *three years* in service (including service as Cadets), are printed in this **Antique letter**.

3. \* The asterisk at the surname of an officer, signifies that he is now in service. And the ‘superior figure’ at the first commission of a graduate from the Military Academy (thus, <sup>2</sup>bvt), indicates his standing in his class, down to No. 9.

4. The name of the State, next to the name of every Officer, thus (Mas), indicates the State from which he was *appointed*; but when next to the name of any one appointed from the Military Academy, it invariably indicates the State in which he was *born*.

5. The designation of a Regiment or Battalion of Volunteers or Militia, is generally made by the name of its Colonel or commander (rather than by its number). And, to find a more particular account of the service of any officer named, of a temporary Corps, see the statement given under the name of its commander.

6. All the statements made, in the military history of Officers, are derived from *official* records, the muster-rolls, office registers, or official reports: no entry is made without such authority. ☞ If, perchance, any error or omission be found by a person or family interested, the Editor will feel obliged by receiving a correction through the mail.

### ADVERTISEMENT TO SECOND EDITION.

All changes and new appointments of Officers, for the last seven years, are contained in a SUPPLEMENT, arranged in alphabetical order.

We neglected, in issuing the first edition, to acknowledge our indebtedness to the Officers and Clerks of the Adjutant General’s Department at Washington, for the facility of access granted to all their records. The lamented death of the late Adjutant General JONES, within a few months of our publication, was one of the causes of this omission: and we have been equally obliged to his successor.

An acknowledgment was also due to Captain CULLUM, of the Corps of Engineers, for information, derived from his valuable *Register of Graduates of the Military Academy*, concerning the avocations of some hundreds of graduates subsequent to their resignations; and for his kindness in sending us “proof sheets” of his work, pending its publication.
