Economic Impact Policy

This notice is to inform the public that the Export-Import Bank of the United States has received an application to finance the export of \$113 million worth of U.S. goods and services to a buyer in India. The equipment will enable the Indian buyer to produce 553,000 metric tons of Pure Terephthalic Acid (PTA) annually. The new rules reinstate the requirement that broadcast licensees file the FCC Form 396 at the time they file for renewal of license. The new EEO rules also ensure equal employment opportunity in broadcast and multi-channel video program distributor industries through outreach to the community in recruitment and prevention of employment discrimination. Among other things, the Second R&O affords broadcasters with five or more full-time employees maximum flexibility in designing EEO programs while ensuring broad dissemination of full-time employment opportunities. These broadcasters must file annually an EEO public file report detailing their outreach efforts. In addition, licensees must include a narrative statement demonstrating how the station achieved an inclusive outreach in the prior two years and report the status of any employment discrimination complaints.
