

Executive Order 12866 and is not expected to have a significant adverse effect on the supply, distribution, or use of energy, a Statement of Energy Effects is not required.

National Environmental Policy Act

This rule does not require an environmental impact statement because section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides that agency decisions on proposed State regulatory program provisions do not constitute major Federal actions within the meaning of section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

Regulatory Flexibility Act

The Department of the Interior certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The State submittal, which is the subject of this rule, is based upon counterpart Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the counterpart Federal regulations.

Small Business Regulatory Enforcement Fairness Act

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule: (a) Does not have an annual effect on the economy of \$100 million; (b) will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions; and (c) does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises. This determination is based upon the fact that the State submittal, which is the subject of this rule, is based upon counterpart Federal regulations for which an analysis was prepared and a determination made that the Federal

regulation was not considered a major rule.

Unfunded Mandates

This rule will not impose an unfunded mandate on State, local, or tribal governments or the private sector of \$100 million or more in any given year. This determination is based upon the fact that the State submittal, which is the subject of this rule, is based upon counterpart Federal regulations for which an analysis was prepared and a determination made that the Federal regulation did not impose an unfunded mandate.

Taking of Marine Mammals Incidental to Commercial Fishing Operations; Atlantic Large Whale Take Reduction Plan Regulations

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments

SUMMARY: NMFS proposes to amend the regulations that implement the Atlantic Large Whale Take Reduction Plan (ALWTRP) to identify gear modifications that sufficiently reduce the risk of entanglement to western North Atlantic right whales (right whales) under the Dynamic Area Management (DAM) program and, as such, would allow NMFS to utilize the option of allowing gear with certain modifications within a DAM zone. Specifically, NMFS proposes to identify Seasonal Area Management (SAM) anchored gillnet and lobster trap/pot gear as gear that could be allowed within a DAM zone. NMFS also includes in this proposed rule a

provision to clarify one of the SAM gear modification requirements (600 lb (272.4 kg) weak link) for lobster trap gear in Northern Inshore State Lobster Waters and Northern Nearshore Lobster Waters that overlap with a SAM area.

DATES: Comments on the proposed rule must be received by 5 p.m. EST on April 3, 2003.

ADDRESSES: Send comments on this proposed rule to Mary Colligan, Assistant Regional Administrator for Protected Resources, Protected Resources Division, NMFS, Northeast Region, 1 Blackburn Dr., Gloucester, MA 01930. Comments will not be accepted if sent via e-mail or Internet. Copies of the draft Environmental Assessment/Regulatory Impact Review for this action can be obtained from the ALWTRP website listed under the Electronic Access portion of this document.
