

length, and to accommodate oral public comments whenever possible. The EPA SAB expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. *Oral Comments:* In general, each individual or group requesting an oral presentation at a face-to-face meeting will be limited to a total time of ten minutes (unless otherwise indicated). For teleconference meetings, opportunities for oral comment will usually be limited to no more than three minutes per speaker and no more than fifteen minutes total. Interested parties should contact the DFO at least one week prior to the meeting in order to be placed on the public speaker list for the meeting. Speakers may attend the meeting and provide comment up to the meeting time. Speakers should bring at least 35 copies of their comments and presentation slides for distribution to the reviewers and public at the meeting. *Written Comments:* Although the SAB accepts written comments until the date of the meeting (unless otherwise stated), written comments should be received in the SAB Staff Office at least one week prior to the meeting date so that the comments may be made available to the review panel for their consideration. Comments should be supplied to the DFO at the address/contact information noted below in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat, WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 95/98 format). Those providing written comments and who attend the meeting are also asked to bring 35 copies of their comments for public distribution. Should comment be provided at the meeting and not in advance of the meeting, they should be in-hand to the DFO up to and immediately following the meeting. The SAB allows a grace period of 48 hours after adjournment of the public meeting to provide written comments supporting any verbal comments stated at the public meeting to be made a part of the public record.

Meeting Access—Individuals requiring special accommodation at this meeting, including wheelchair access to the conference room, should contact Ms. Zisa Lubarov-Walton (lubarov-walton.zisa@epa.gov) or by telephone/voice mail at (202) 564-4533 at least five business days prior to the meeting date so that appropriate arrangements can be made.

4. Solicitation of information on the Proposed Review Panel: To provide the Agency with meaningful input, we have determined that the following expertise is needed for the review: toxicology

including carcinogenicity; biostatistics; epidemiology; pediatrics; radiation biology; risk assessment and the application of the Agency's risk assessment guidelines. As requested by EPA's ORD, the EPA Science Advisory Board's Environmental Health Committee, a standing committee of the Board, will conduct this review. The SAB EHC will be augmented with members from the SAB Radiation Advisory Committee, the FIFRA Science Advisory Panel (SAP) and the Children's Health Protection Advisory Council (CHPAC) to form the SGACS review Panel. By including members of the three EPA advisory bodies in the review of this document, the requesting office hopes to benefit from their unique expertise in children's risk assessment and to receive a peer review report which reflects the views of these bodies on the charge questions in an expedited manner. Therefore, we are not soliciting additional experts for this review.

The SAB Staff Office will post the names and biosketches for members of the review Panel on the SAB Web site at: <http://www.epa.gov/sab>. The public has the opportunity to provide information, analysis or other documentation relevant to the membership of the panel before the SAB Staff Office makes a final decision. Information, analysis or documentation must be received by the Designated Federal Officer (DFO) no later than March 18, 2003. Please see the address/contact information noted above. The complete SAB process for panel formation described in the Overview of the Panel Formation Process at the Environmental Protection Agency Science Advisory Board, which can be found on the SAB's Web site at: <http://www.epa.gov/sab/pdf/ec02010.pdf>.

For the EPA SAB, a balanced review panel (i.e., committee, subcommittee, or panel) is characterized by inclusion of candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. Information provided by the public will be considered in the selection of the panel, along with information provided by candidates and information gathered by EPA SAB Staff independently on the background of each candidate (e.g., financial disclosure information and computer searches to evaluate a nominee's prior involvement with the topic under review). Specific criteria to be used in evaluating an individual subcommittee member include: (a) Scientific and/or technical expertise,

knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial conflicts of interest; (d) scientific credibility and impartiality; and (e) ability to work constructively and effectively in committees.

Dated: February 26, 2003.

Robert Flaak,

Acting Deputy Director, EPA Science Advisory Board.
