

merchandise to which a revocation or termination will apply.” 19 CFR 351.222(d)(1) (emphasis added); *see also* 19 CFR 351.222(e)(1)(ii). For purposes of revocation, the Department must be able to determine that past margins are reflective of a company’s normal commercial activity. *See Certain Corrosion-Resistant Carbon Steel Flat Products and Certain Cut-to-Length Carbon Steel Plate From Canada; Final Results of Antidumping Duty Administrative Reviews and Determination To Revoke in Part*, 64 FR 2173, 2175 (January 13, 1999); *see also* *Pure Magnesium From Canada; Final Results of Antidumping Duty Administrative Review and Determination Not to Revoke Order in Part*, 64 FR 12977, 12979 (March 16, 1999); and *Notice of Final Results of Antidumping Duty Administrative Review and Determination Not to Revoke the Antidumping Order: Brass Sheet and Strip from the Netherlands*, 65 FR 742 (January 6, 2000). Sales during the POR which, in the aggregate, are of an abnormally small quantity do not provide a reasonable basis for determining that the discipline of the order is no longer necessary to offset dumping.

We preliminarily find that Zeta’s aggregate sales to the United States were made in commercial quantities during the past three consecutive years. *See* Zeta’s Preliminary Calculation Memorandum. Therefore, we can reasonably conclude that the zero and *de minimis* margins calculated for Zeta in each of the last three administrative reviews are reflective of the company’s normal commercial experience.

Zeta also agreed in writing that it will not sell subject merchandise at less than NV in the future and to the immediate reinstatement of the antidumping order, as long as any exporter or producer is subject to the order, if the Department concludes that, subsequent to the partial revocation, Zeta has sold the subject merchandise at less than NV. Thus, in light of the above and pursuant to 19 CFR 351.222, we preliminarily find that the subject merchandise produced and exported by Zeta was sold at not less than NV for a period of at least three consecutive years and that dumping is not likely to resume in the future. Consequently, the continuing imposition of an antidumping duty is not necessary to offset dumping.

Therefore, if these preliminary results are affirmed in our final results, we intend to revoke the order in part with respect to merchandise produced and exported by Zeta. In accordance with 19 CFR 351.222(f)(3), we will terminate the suspension of liquidation for any such

merchandise entered, or withdrawn from warehouse, for consumption on the first day after the period under review, and will instruct the Customs Service to refund any cash deposits.

#### Preliminary Results of the Review

As a result of this review, we preliminarily determine that the weighted-average dumping margins for the period February 1, 2001, through January 31, 2002, are as follows:

Manufacture/exporter	Margin (percent)
PT Indo Evergreen Agro Business Corp.	0.30 ( <i>de minimis</i> )
PT Zeta Agro Corporation .....	0.00

We will disclose calculations used in our analysis to parties to this proceeding within five days of the publication date of this notice. *See* 19 CFR 351.224(b). Any interested party may request a hearing within 30 days of publication. *See* 19 CFR 351.310(c). If requested, a hearing will be held 44 days after the date of publication of this notice, or the first work day thereafter.

Interested parties who wish to request a hearing or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, Room B-099. Requests should contain: (1) The party’s name, address and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. *See* 19 CFR 351.310(c).

Issues raised in the hearing will be limited to those raised in the respective case briefs and rebuttal briefs. Case briefs from interested parties and rebuttal briefs, limited to the issues raised in the respective case briefs, may be submitted not later than 30 days and 37 days, respectively, from the date of publication of these preliminary results. *See* 19 CFR 351.309(c) and (d). Parties who submit case briefs or rebuttal briefs in this proceeding are requested to submit with each argument (1) a statement of the issue and (2) a brief summary of the argument. Parties are also encouraged to provide a summary of the arguments not to exceed five pages and a table of statutes, regulations, and cases cited.

The Department will issue the final results of this administrative review, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice.

#### Assessment Rates

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate

entries. For assessment purposes, we do not have the actual entered values for Indo Evergreen and Zeta because these respondents are not the importers of record for the subject merchandise. Accordingly, we intend to calculate importer-specific assessment rates by aggregating the dumping margins calculated for all of Indo Evergreen’s and Zeta’s U.S. sales examined and dividing the respective amount by the total quantity of the sales examined. To determine whether the duty assessment rates were *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we will calculate importer-specific *ad valorem* ratios based on export prices.

The Department will issue appropriate appraisal instructions directly to the Customs Service upon completion of this review. We will instruct the Customs Service to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above *de minimis* (*i.e.*, less than 0.50 percent). *See* 19 CFR 351.106(c)(1). The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

#### Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for Indo Evergreen (Zeta is excepted due to revocation) will be that established in the final results of this review, except if the rate is less than 0.50 percent, and therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 11.26 percent, the “All Others” rate made
