ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 63

[AD-FRL-7463-2]

National Emission Standards for Hazardous Air Pollutants: Rubber Tire Manufacturing

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; technical correction.

SUMMARY: This action corrects errors and clarifies regulatory text of the "National Emission Standards for Hazardous Air Pollutants: Rubber Tire Manufacturing," which was issued as a final rule on July 9, 2002. These technical corrections will not change the level of health protection the final rule provides or the standards established by the rule.

Section 553 of the Administrative Procedure Act (APA), 5 U.S.C. 553(b)(B), provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary, or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. We have determined that there is good cause for making today's action final without prior proposal and opportunity for comment because the changes to the rule are minor technical corrections, are noncontroversial, and do not substantively change the requirements of the rule. Thus, notice and public procedure are unnecessary. We find that this constitutes good cause under 5 U.S.C. 553(b)(B) (*see also* the final sentence of section 307(d)(1) of the Clean Air Act, 42 U.S.C. 7607(d)(1), indicating that the good cause provisions of the APA continue to apply to this type of rulemaking under the Clean Air Act).

Section 553(d)(3) allows an agency, upon a finding of good cause, to make a rule effective immediately. Because today's changes do not substantively change the requirements of the rule, we find good cause to make these technical corrections effective immediately.

EFFECTIVE DATE: March 12, 2003.

Docket. The EPA has established an official public docket for this action under Docket ID No. OAR-2002-0089. The official public docket consists of the documents that are available for public viewing in the Rubber Tire Manufacturing NESHAP Docket at the EPA Docket Center (Air Docket), EPA West, Room B-108, 1301 Constitution Avenue, NW., Washington, DC 20004. The Docket Center is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the reading room is (202) 566-1742. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Electronic Access. You may access this **Federal Register** document electronically through the EPA Internet under the "Federal Register" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is also available through EPA's new electronic public docket, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/rpas/> to access the index listing of the contents of the official public docket for this action, as well as access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket identification number that EPA has established for this action.

Certain types of information will not be placed in the EPA Docket. Information claimed as CBI, and other information whose disclosure is restricted by statute which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket either. The EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available supporting materials for this action will be made available in EPA's electronic public docket. When a document is selected from the index list in the EPA Docket, the system will identify whether the document is available for viewing in EPA's electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the Docket Center identified in this notice. The EPA intends to work toward providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.
