

D. How Should I Handle CBI That I Want to Submit to the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

E. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Provide specific examples to illustrate your concerns.
6. Offer alternative ways to improve the notice or collection activity.
7. Make sure to submit your comments by the deadline in this document.
8. To ensure proper receipt by EPA, be sure to identify the docket control number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

II. Background

A. What Action is the Agency Taking?

This notice announces the availability of the TRED for imazalil. This decision

has been developed as part of the public participation process that EPA and the U.S. Department of Agriculture (USDA) are using to involve the public in the reassessment of pesticide tolerances under FFDCA. EPA must review tolerances and tolerance exemptions that were in effect when FQPA was enacted in August 1996, to ensure these existing pesticide residues limits for food and feed commodities meet the safety standard of the new law.

FFDCA requires EPA to review all the tolerances for registered chemicals in effect on or before the date of the enactment. In reviewing these tolerances, the Agency must consider, among other things, aggregate risks from non-occupational sources of pesticide exposure, whether there is increased susceptibility to infants and children, and the cumulative effects of pesticides with a common mechanism of toxicity. The tolerances are considered reassessed once the safety finding has been made or a revocation occurs.

FFDCA requires that the Agency, when considering whether to establish, modify, or revoke a tolerance, consider "available information" concerning the cumulative effects of a particular pesticide's residues and "other substances that have a common mechanism of toxicity."

As indicated above, the Agency will also evaluate the cumulative risk, if necessary, posed by the entire group of chemicals with which a common mechanism of toxicity is shared, and issues a final tolerance reassessment decision once the cumulative assessment for that group is completed. At this time, imazalil has not been identified as sharing a common mechanism of toxicity and is not scheduled for a cumulative risk assessment.

The tolerance reassessment program is being conducted under Congressionally mandated time frames, and EPA recognizes both the need to make timely tolerance decisions and to involve the public. Therefore, EPA is issuing the TRED as a final document with a 30-day comment period. All comments will be carefully considered by the Agency. If any comment significantly affects a TRED, EPA will amend the TRED by publishing the amendment in the **Federal Register**.

Imazalil is currently in the reregistration process. The imazalil preliminary risk assessment was made available for public comment on March 27, 2002 (67 FR 14710) (FRL-6824-7). The Agency is currently reviewing public comments and anticipates a reregistration decision this fall.

B. What is the Agency's Authority for Taking this Action?

The authority for this TRED is found in section 408(q) of the FFDCA, 21 U.S.C. 346a(q). Section 408(q) requires EPA to review tolerances and exemptions for pesticide chemical residues in effect of August 2, 1996, to determine whether the tolerance or exemption meets the requirements of 408(b)(2) or (c)(2). This review is to be completed by August 3, 2006.

List of Subjects

Environmental protection, Chemicals, Pesticides and Tolerances.

Dated: February 14, 2003.

Betty Shackleford,

Acting Director, Special Review and Reregistration Division, Office of Pesticide Programs.

[FR Doc. 03-5477 Filed 3-11-03; 8:45 am]

BILLING CODE 6560-50-S

ENVIRONMENTAL PROTECTION AGENCY

[OPP-2003-0050; FRL-7294-2]

Pesticide Products; Registration Applications

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces receipt of applications to register pesticide products containing new active ingredients not included in any previously registered products pursuant to the provisions of section 3(c)(4) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended.

DATES: Written comments, identified by the docket ID number OPP-2003-0050, must be received on or before April 11, 2003.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Joseph Tavano, Registration Division (7505C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-6411; e-mail address: tavano.joseph@epa.gov.

SUPPLEMENTARY INFORMATION:
