X. Pre-Application Assistance

To ensure that every interested party has equal opportunity to gain any needed additional administrative information useful to the application process, the Office of Air and Radiation has scheduled one conference call. The call will take place on April 10, 2003 from 10 AM to 12 PM EST. A call-in number will be provided to those who submit an Intent to Apply. Questions and answers from this conference call will be summarized and posted on OAR's web-site. The web-site address

will be available at the pre-application assistance conference. Federal rules protecting applicants' equal access to information prohibit any other contact that would result in information given to some but not all applicants. Therefore, as much as it desires to encourage all interested applicants, EPA can give no other assistance prior to final submission of applications. Requests for information outside the context of this conference call cannot be answered. The content of the call is entirely dependent upon questions asked.

If the applicant includes a stamped, self-addressed postcard along with proposal, the applicant will be notified of proposal receipt.
