**SUPPLEMENTARY INFORMATION:**

**Background.**—Following receipt of a report from the Commission in December 2001 under section 202 of the Trade Act of 1974 (19 U.S.C. 2252) containing affirmative determinations and remedy recommendations, the President, on March 5, 2002, pursuant to section 203 of the Trade Act of 1974 (19 U.S.C. 2253), issued Proclamation 7529, imposing import relief in the form of tariffs and tariff-rate quotas on imports of certain steel products for a period of 3 years and 1 day, effective March 20, 2002. Section 204(a)(1) of the Trade Act of 1974 (19 U.S.C. 2254(a)(1)) requires that the Commission, so long as any action under section 203 of the Trade Act remains in effect, monitor developments with respect to the domestic industry, including the progress and specific efforts made by workers and firms in the domestic industry to make a positive adjustment to import competition. Section 204(a)(2) requires, whenever the initial period of an action under section 203 of the Trade Act exceeds 3 years, that the Commission submit a report on the results of the monitoring under section 204(a)(1) to the President and the Congress not later than the mid-point of the initial period of the relief, or by September 19, 2003, in this case. Section 204(a)(3) requires that the Commission hold a hearing in the course of preparing each such report.
