

Separate Rates

Silcotub has requested a separate, company-specific antidumping duty rate in this review. In the preliminary results, we found that Silcotub had met the criteria for the application of separate antidumping duty rates. See *Preliminary Results*, 67 FR at 57390. We have not received any other information since the preliminary results which would warrant reconsideration of our separate rates determination with respect to this company. We therefore determine that Silcotub should be assigned an individual dumping margin in this administrative review.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this review are addressed in the "Issues and Decision Memorandum" (Decision Memorandum) from Holly A. Kuga, Acting Deputy Assistant Secretary, Import Administration, to Joseph Spetrini, Acting Assistant Secretary for Import Administration, dated March 10, 2003, which is hereby adopted by this notice.

A list of the issues which parties have raised and to which we have responded in the Decision Memorandum is attached to this notice as an Appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit, room B-099 of the main Commerce building.

In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at <http://ia.ita.doc.gov/>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Changes From the Preliminary Results

Based on our analysis of comments received, we have made certain changes in the margin calculations. We have also revised certain financial ratios, and the factor value for natural gas used in the calculation of the normal value. These changes are discussed in the relevant section of the Decision Memorandum.

Final Results of Review

As a result of our review, we determine that the following weighted-average percentage margin exists for the period February 4, 2000 through July 31, 2001:

Manufacturer/exporter	Margin (percent)
S.C. Silcotub S.A	0.04

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated importer-specific assessment rates by dividing the dumping margin found on the subject merchandise examined by the entered value of such merchandise. Where the importer-specific assessment rate is above *de minimis* we will instruct the Customs Service to assess antidumping duties on that importer's entries of subject merchandise. The Department will issue appropriate assessment instructions directly to the Customs Service within 15 days of publication of these final results of review.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of administrative review, as provided by section 751(a) of the Act: (1) For Silcotub, because the margin is *de minimis*, no cash deposit will be required, (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a previous segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the prior segment of the proceeding in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review or in any previous segment of this proceeding, but the manufacturer is, the cash deposit rate will be that established for the manufacturer of the merchandise in these final results of review or in the most recent segment of the proceeding in which that manufacturer participated; and (4) if neither the exporter nor the manufacturer is a firm covered in this review or in any previous segment of this proceeding, the cash deposit rate will be 13.06 percent, the Romania-wide rate established in the less-than-fair-value investigation. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as the final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred, and in the

subsequent assessment of double antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

March 10, 2003.

Joseph Spetrini,

Acting Assistant Secretary for Import Administration.

Appendix

Comments and Responses

Comment 1: Use of Market-Economy Price to Value Lacquer.

Comment 2: Basis for the Financial Ratios for Depreciation, Selling, General and Administrative (SG&A) Expenses, Interest Expenses, and Profit.

Comment 3: Valuation of Natural Gas.

Comment 4: Valuation of Electricity.
