

The Union Pacific Railroad Company (UP) seeks approval of the proposed reduction to the limits of the traffic control system on the single main track between C.P. F910, milepost 10.1, and C.P. F909, milepost 8.5, near Milpitas, California, on the Milpitas Subdivision, Roseville Area. The proposed changes include removal of northbound signal 506L and southbound signal 101 at C.P. F910, removal of southbound signal 504R at C.P. F909, and installation of "Entering CTC," "Leaving CTC," and "End of Block" signs at milepost 8.5.

The reasons given for the proposed changes are that the signal system is no longer required in the yard area and presently inhibits switching operations, the affected area is no longer used for through trains, and the track will be used for switching moves, service to local industries, and the storage of cars.

Additionally, one copy of the protest shall be furnished to the applicant at the address listed above.
