

foreign brokerage and handling expenses reported in the U.S. sales listing of the public questionnaire response submitted in the antidumping investigation of Essar Steel Ltd. in *Hot-Rolled from India*. Charges were reported on a per metric ton basis. We adjusted these values to reflect inflation to the POR using the WPI for India from the IFS. *See Factor Values Memo*.

To value marine insurance, we used marine insurance data collected in the tenth administrative review of tapered roller bearings and parts thereof, finished and unfinished, from the People's Republic of China. *See Memorandum to the File: Marine Insurance Rates* (June 30, 1998) included in the *Factor Values Memo*, and Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China; Final Results of the 1996–1997 Administrative Review and New Shipper Review and Determination Not To Revoke Order in Part, 63 FR 63842 (November 17, 1998). We adjusted this value for inflation during the POR using the U.S. dollar PPI data published by the IMF.

TTPC obtained its international freight service from a market economy carrier. Therefore, we are using the amount reported by TTPC, which it incurred in U.S. dollars.

#### Currency Conversion

We made currency conversions pursuant to section 351.415 of the Department's regulations at the rates certified by the Federal Reserve Bank.

#### Preliminary Results of Review

We preliminarily determine that the following dumping margin exists:

Manufacturer/ Exporter	Time period	Margin
Baoding Mancheng Eastern Chemical Plant/Tianjin Tiancheng Pharma- ceutical Co. Ltd.	3/1/01–2/28/02	43.44%

#### Cash-Deposit Requirements

If these preliminary results are not modified in the final results of this review, a cash deposit rate of 43.44 percent will be effective upon publication of the final results of this new shipper review for all shipments of glycine from the PRC produced by Eastern Chemical and exported by TTPC and entered, or withdrawn from warehouse, for consumption on or after

publication date, as provided for by section 751(a)(2)(c) of the Act. For glycine exported by TTPC but not produced by Eastern Chemical, we will apply as the cash deposit rate the PRC-wide rate, which is currently 155.89 percent.

#### Assessment Rates

Upon completion of this new shipper review, the Department shall determine, and the U.S. Customs Service shall assess, antidumping duties on all appropriate entries. The Department will issue appraisal instructions directly to the U.S. Customs Service within 15 days of the completion of this review. For assessment purposes, we calculated importer-specific assessment rates for glycine from the PRC. Upon the completion of this review, we will direct Customs to assess the resulting *ad valorem* rates on each entry of the subject merchandise by the importer during the POR. For glycine exported by TTPC but not produced by Eastern Chemical, we will assess antidumping duties at the PRC-wide rate.

#### Schedule for Final Results of Review

Pursuant to 19 CFR 351.224(b), the Department will disclose to parties to the proceeding any calculations performed in connection with these preliminary results within five days after the date of publication of this notice. Pursuant to 19 CFR 351.309, interested parties may submit written comments in response to these preliminary results. Normally, case briefs are to be submitted within 30 days after the date of publication of this notice, and rebuttal briefs, limited to arguments raised in case briefs, are to be submitted no later than five days after the time limit for filing case briefs. Parties who submit arguments in this proceeding are requested to submit with the argument: (1) A statement of the issues, and (2) a brief summary of the argument. Case and rebuttal briefs must be served on interested parties in accordance with 19 CFR 351.303(f) of the Department's regulations.

Also, pursuant to 19 CFR 351.310, within 30 days of the date of publication of this notice, interested parties may request a public hearing on arguments to be raised in the case and rebuttal briefs. Unless the Secretary specifies otherwise, the hearing, if requested, will be held two days after the date for submission of rebuttal briefs. Parties will be notified of the time and location. The Department will issue the final results of this new shipper review, which will include the results of its analysis of issues raised in the briefs, within 90 days from the date of the

preliminary results, unless the time limit is extended.

#### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 351.402(f) of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during these review periods. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This new shipper review and this notice are published in accordance with sections 751(a)(2)(B) and 777 (i)(1) of the Act.

Dated: March 11, 2003.
