The Pre-Filing NEPA Process

FERC has initiated work on evaluating the Cheyenne Plains Pipeline Project using the Pre-Filing NEPA Process. FERC has assigned a Pre-Filing Docket Number (PF01-3-000). When El Paso files an application, it will be assigned a "CP" docket number, and all information filed under Docket No. PF03-1-000 will become part of the record for the "CP docket." All comments received during the pre-filing period will be considered during the preparation of the EIS.

Becoming an Intervenor

Once El Paso files a certificate application at the FERC for the Cheyenne Plains Pipeline Project, you may want to become an official party to the proceeding, known as an "intervenor." Intervenor play a more formal role in the process. Among other things, intervenors have the right to receive copies of case-related Commission documents and filings by other intervenors. Likewise, each intervenor must provide 14 copies of its filings to the Secretary and must send a copy of its filings to all other parties on the Commission's service list for this proceeding. If you want to become an intervenor you must file a motion to intervene according to rule 214 of the Commission's rules of practice and procedure (18 CFR 385.214).⁴ Only intervenors have the right to seek rehearing of the Commission's decision.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding that would not be adequately represented by any other parties. You do not need intervenor status to have your environmental comments considered.

Parties cannot intervene in this project until a certificate application is filed at the FERC. The company will mail a notice of this filing to affected landowners shortly after it occurs.

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. AD03-7-000]

Natural Gas Price Formation; Notice of Staff Technical Conference

March 14, 2003.

The Federal Energy Regulatory Commission (FERC) will hold a technical conference on Thursday, April 24, 2003, to be held at FERC headquarters, 888 First Street, NW., Washington, DC, in the Commission Meeting Room (Room 2C). The purpose is to discuss issues related to the adequacy of natural gas price information. This would include how data are collected, how publicly available quotes are checked for authenticity and reliability, adequacy of coverage, what effort is made to determine whether the information received and published is complete or representative of its type of transaction, and what models best serve price discovery needs for natural gas markets.

We plan to hear from those who report the transactions, those receiving and publishing the price information, those using the published data reports, and those with constructive suggestions for overcoming impediments and inconsistencies and specific proposals. We request that anyone with a specific proposal that would be useful to review before the conference file the proposal in this docket number for all to access. (Instructions on filing electronically can be found at <http://www.ferc.gov/documents/makeanelectronicfiling/doorbell.htm>.) We would like to explore actions necessary to develop trustworthy price information.

The one-day meeting will begin at 8:30 a.m. and conclude about 5 p.m. All interested parties are invited to attend. There is neither pre-registration nor a registration fee to attend.

We look forward to an informative discussion of the issues and options that would best provide all participants in the market clear, transparent, dependable, and accurate price signals with which to make informed decisions.

The Capitol Connection offers coverage of all open and special Commission meetings held at the Commission's headquarters live over the Internet, as well as via telephone and satellite. For a fee, you can receive these meetings in your office, at home, or anywhere in the world. To find out more about Capitol Connection's live Internet, phone bridge, or satellite coverage, contact David Reininger or Julia Morelli at (703) 993-3100, or visit

www.capitolconnection.org. Capitol Connection also offers FERC open meetings through its Washington, DC-area television service.

The conference will be transcribed. Those interested in obtaining transcripts of the conference should contact Ace Federal Reporters at (202) 347-3700 or (800) 336 6646. Transcripts will be made available to view electronically under this docket number seven working days after the conference. Anyone interested in purchasing videotapes of the meeting should call VISCOM at (703) 715-7999.

We will issue further details on the conference, including the Agenda and a list of participants, as plans evolve. For additional information, please contact Saida Shaalan of the Office of Market Oversight & Investigations at 202-502-8278 or by e-mail, Saida.Shaalan@ferc.gov.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7470-4]

Notice of a Final Determination on a Construction Permit for Minergy Detroit, Detroit, Wayne County, MI

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final action.

SUMMARY: This notice announces the final decision on a prevention of significant deterioration (PSD) Clean Air Act (CAA) permit issued by the Michigan Department of Environmental Quality (MDEQ) to Minergy Detroit LLC (Minergy) for a proposed facility in Detroit, Wayne County, Michigan. The MDEQ originally issued this permit on September 20, 2001, but two citizens petitioned EPA's Environmental Appeals Board's (EAB) to review it. On March 1, 2002 the EAB issued its decision dismissing the petitions for review. The state's permit became effective on March 25, 2002.

DATES: The effective date of this notice of final decision is March 20, 2003. See 40 CFR 124.19(a). Judicial review of the permit decision may be sought by filing a petition for review in the United States Court of Appeals for the Sixth Circuit by no later than May 19, 2003.

ADDRESSES: Documents relevant to the above action are available for public inspection during normal business
