### Request for Proposals for Pollution Prevention Information Network FY 2003; Notice of Funds Availability

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** EPA's Office of Pollution Prevention and Toxics expects to have approximately \$1 million available in fiscal year 2003, subject to the availability of funds at the time of the award, to fund grant proposals supporting a nationwide network of pollution prevention information providers. The Pollution Prevention Act of 1990 provides for funding to States to strengthen the efficiency and effectiveness of State technical assistance programs in providing source reduction information to businesses. The Pollution Prevention Information Network grants seek to coordinate work among technical assistance providers to minimize duplication of effort and improve information collection, synthesis and dissemination, and training for the promotion of pollution prevention techniques. These funds will be targeted for regional applicants that are willing to work as part of a collective nationwide service. Grantees will make their information available electronically, publically report use of their services, and utilize State and local representatives to guide and evaluate their services. Cooperative agreements will be awarded under the authority of the Pollution Prevention Act of 1990. Substantial involvement by EPA in the cooperative agreement may include: The EPA project officer participating in monthly conference calls, consulting on the agenda for regional meetings, or attending steering committee meetings, etc.

**DATES:** All grant proposals must be received on or before May 20, 2003.

**ADDRESSES:** Proposals may be submitted electronically, by mail or through hand delivery/courier. Please follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.
