

Civil Justice Reform—Executive Order 12988

We have determined that these regulations meet the applicable standards provided in Sections 3(a) and 3(b)(2) of Executive Order 12988.

Takings Implication Assessment

In accordance with Executive Order 12630, this rule, authorized by the Migratory Bird Treaty Act, does not have significant takings implications and does not affect any constitutionally protected property rights. This rule will not result in the physical occupancy of property, the physical invasion of property, or the regulatory taking of any property. In fact, this rule will allow hunters to exercise privileges that would be otherwise unavailable and, therefore, reduces restrictions on the use of private and public property.

Federalism Effects

Due to the migratory nature of certain species of birds, the Federal Government has been given responsibility over these species by the Migratory Bird Treaty Act. This rule does not have a substantial direct effect on fiscal capacity, change the roles or responsibilities of Federal or State governments, or intrude on State policy or administration. Therefore, in accordance with Executive Order 13132, this proposed regulation does not have significant federalism effects and does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Government-to-Government Relationship With Tribes

In accordance with the President's memorandum of April 29, 1994, "Government-to-Government Relations with Native American Tribal Governments" (59 FR 22951) Executive Order 13175, and 512 DM 2, we have determined that this rule has no effects on Federally recognized Indian tribes.

Energy Effects

In accordance with Executive Order 13211, this rule, authorized by the Migratory Bird Treaty Act, does not significantly affect energy supply, distribution, and use. This rule is not a significant energy action and no Statement of Energy Effects is required.

Effective Date

Under the Administrative Procedure Act (5 U.S.C. 551–553), our normal practice is to publish rules with a 30-day delay in effective date. In this case, however, we use the "good cause" exemption under 5 U.S.C. 553(d)(3) to make this rule effective upon

publication. This rule relieves a restriction, and it is not in the public interest to delay its effective date.
