Description of Certified Conduct

Export Trade

High fructose corn syrup ("HFCS") in the following two forms: 42 percent fructose and 55 percent fructose and enriched HFCS (greater than 55 percent fructose).

Export Markets

HFCS for which tariff-rate quota (TRQ) rights are allocated will be exported only to Mexico.

Export Trade Activities and Methods of Operation

Purpose

The CRA will manage the system as set forth below for allocating rights to ship under tariff-rate quotas (TRQs) permitting duty-free entry of U.S. HFCS into Mexico.

The CRA shall permit any producer of HFCS in the United States to become a member of the association for purposes of receiving TRQ rights under this system and shall seek an amendment of this Certificate to make such a producer a member under this Certificate.

TRQ Administrator

The CRA will contract with an independent third-party administrator who will bear responsibility for administering the TRQ System, subject to general oversight and supervision by the Board of Directors of the CRA. The administrator may not be otherwise related to the CRA or any member or in any way engaged in the production, distribution or sale of HFCS.

TRQ System

The administrator shall allocate TRQ rights based on the share each member's U.S. HFCS production capacity represents of total U.S. HFCS production capacity. The administrator may advise each member individually of the quantity of TRQ rights allocated to that member. In accordance with those allocations, the administrator shall, upon the request of a member, issue to the member evidence of TRQ rights to ship a specified quantity of U.S. HFCS duty-free to Mexico up to the

outstanding total of the member's allocation.

Evidence of TRQ rights issued by the administrator shall be freely transferable. Transfers of TRQ rights are subject to the normal application of the antitrust laws.

Confidential Information

Each member may provide to the administrator information regarding its capacity to produce HFCS in the United States for the purpose of calculating the member's allocation of TRQ rights.

Any non-public, company-specific business information or data submitted by an applicant for membership, by a member, or by any other person in connection with the TRQ System shall be marked "confidential" and submitted to the administrator, who shall maintain its confidentiality. The administrator shall not disclose such confidential information to any member other than the submitter, or to any officers, agents, or employees of any member other than the submitter, and shall not disclose such confidential information to any other person except to another neutral third party as necessary to make the determination for which the information was submitted, to allocate TRQ quantities, or in connection with reports to the U.S. Department of Commerce as required by the Certificate or the arbitration of a dispute.

Cooperation with the U.S. and Mexican Governments

The CRA will provide to the U.S. Government and the Government of Mexico whatever information and consultations may be useful in order to facilitate cooperation between the governments concerning the implementation and operation of the TRQ System. Furthermore, directly or through the U.S. Government, the CRA will endeavor to accommodate any information requests from the Government of Mexico (while protecting confidential information entrusted to the administrator), and will consult with the Government of Mexico as appropriate. All such information and consultations shall be subject to the provision on Confidential Information (above) and the Terms and Conditions (below).

Definition

Neutral third-party, as used in this Certificate of Review, means a party not related to CRA or any member and who is not engaged in the production, distribution or sale of HFCS.
