

“interlinings” include only a chest type plate, a “hymo” piece, or “sleeve header,” of woven or weft-inserted warp knit construction and of coarse animal hair or man-made filaments;

(C) Any combination of findings and trimmings of foreign origin and interlinings of foreign origin, if the total value of those findings and trimmings and interlinings does not exceed 25 percent of the cost of the components of the assembled article; or

(D) Yarns not wholly formed in the United States or in one or more ATPDEA beneficiary countries if the total weight of all those yarns is not more than 7 percent of the total weight of the article.

(ii) “Cost” and “value” defined. The “cost” of components and the “value” of findings and trimmings or interlinings referred to in paragraph (c)(1)(i) of this section means:

(A) The price of the components, findings and trimmings, or interlinings when last purchased, f.o.b. port of exportation, as set out in the invoice or other commercial documents, or, if the price is other than f.o.b. port of exportation:

(1) The price as set out in the invoice or other commercial documents adjusted to arrive at an f.o.b. port of exportation price; or

(2) If no exportation to an ATPDEA beneficiary country is involved, the price as set out in the invoice or other commercial documents, less the freight, insurance, packing, and other costs incurred in transporting the components, findings and trimmings, or interlinings to the place of production if included in that price; or

(B) If the price cannot be determined under paragraph (c)(1)(ii)(A) of this section or if Customs finds that price to be unreasonable, all reasonable expenses incurred in the growth, production, manufacture, or other processing of the components, findings and trimmings, or interlinings, including the cost or value of materials and general expenses, plus a reasonable

amount for profit, and the freight, insurance, packing, and other costs, if any, incurred in transporting the components, findings and trimmings, or interlinings to the port of exportation.

(iii) *Treatment of yarns as findings or trimmings.* If any yarns not wholly formed in the United States or one or more ATPDEA beneficiary countries are used in an article as a finding or trimming described in paragraph (c)(1)(i)(A) of this section, the yarns will be considered to be a finding or trimming for purposes of paragraph (c)(1)(i) of this section.

(2) *Special rule for nylon filament yarn.* An article otherwise described under paragraph (a)(1)(i) through (iii), (a)(2), or (a)(7) of this section will not be ineligible for the preferential treatment referred to in § 10.241 because the article contains nylon filament yarn (other than elastomeric yarn) that is classifiable in subheading 5402.10.30, 5402.10.60, 5402.31.30, 5402.31.60, 5402.32.30, 5402.32.60, 5402.41.10, 5402.41.90, 5402.51.00, or 5402.61.00 of the HTSUS and that is entered free of duty from Canada, Mexico, or Israel.

(d) *Imported directly defined.* For purposes of paragraph (a) of this section, the words “imported directly” mean:

(1) Direct shipment from any ATPDEA beneficiary country to the United States without passing through the territory of any country that is not an ATPDEA beneficiary country;

(2) If the shipment is from any ATPDEA beneficiary country to the United States through the territory of any country that is not an ATPDEA beneficiary country, the articles in the shipment do not enter into the commerce of any country that is not an ATPDEA beneficiary country while en route to the United States and the invoices, bills of lading, and other shipping documents show the United States as the final destination; or

(3) If the shipment is from any ATPDEA beneficiary country to the United States through the territory of any country that is not an ATPDEA

beneficiary country, and the invoices and other documents do not show the United States as the final destination, the articles in the shipment upon arrival in the United States are imported directly only if they:

(i) Remained under the control of the customs authority of the intermediate country;

(ii) Did not enter into the commerce of the intermediate country except for the purpose of sale other than at retail, and the port director is satisfied that the importation results from the original commercial transaction between the importer and the producer or the producer’s sales agent; and

(iii) Were not subjected to operations other than loading or unloading, and other activities necessary to preserve the articles in good condition.

§ 10.244 Certificate of Origin.

(a) *General.* A Certificate of Origin must be employed to certify that an apparel or other textile article being exported from an ATPDEA beneficiary country to the United States qualifies for the preferential treatment referred to in § 10.241. The Certificate of Origin must be prepared by the exporter in the format specified in paragraph (b) of this section. Where the ATPDEA beneficiary country exporter is not the producer of the article, that exporter may complete and sign a Certificate of Origin on the basis of:

(1) Its reasonable reliance on the producer’s written representation that the article qualifies for preferential treatment; or

(2) A completed and signed Certificate of Origin for the article voluntarily provided to the exporter by the producer.
