

• *Softwood lumber products contained in single family home packages or kits*,² regardless of tariff classification, are excluded from the scope of the orders if the following criteria are met:

1. The imported home package or kit constitutes a full package of the number of wooden pieces specified in the plan, design or blueprint necessary to produce a home of at least 700 square feet produced to a specified plan, design or blueprint;

2. The package or kit must contain all necessary internal and external doors and windows, nails, screws, glue, subfloor, sheathing, beams, posts, connectors and if included in purchase contract decking, trim, drywall and roof shingles specified in the plan, design or blueprint;

3. Prior to importation, the package or kit must be sold to a retailer of complete home packages or kits pursuant to a valid purchase contract referencing the particular home design plan or blueprint, and signed by a customer not affiliated with the importer;

4. The whole package must be imported under a single consolidated entry when permitted by the U.S. customs service, whether or not on a single or multiple trucks, rail cars or other vehicles, which shall be on the same day except when the home is over 2,000 square feet;

5. The following documentation must be included with the entry documents:

- A copy of the appropriate home design, plan, or blueprint matching the entry;
- A purchase contract from a retailer of home kits or packages signed by a customer not affiliated with the importer;

- A listing of inventory of all parts of the package or kit being entered that conforms to the home design package being entered;

- In the case of multiple shipments on the same contract, all items listed immediately above which are included in the present shipment shall be identified as well.

We have determined that the excluded products listed above are outside the scope of this order provided the specified conditions are met. Lumber products that Customs may classify as stringers, radius cut box-

spring-frame components, and fence pickets, not conforming to the above requirements, as well as truss components, pallet components, and door and window frame parts, are covered under the scope of this order and may be classified under HTSUS subheadings 4418.90.40.90, 4421.90.70.40, and 4421.90.98.40. Due to changes in the 2002 HTSUS whereby subheading 4418.90.40.90 and 4421.90.98.40 were changed to 4418.90.45.90 and 4421.90.97.40, respectively, we are adding these subheadings as well.

Initiation of Changed Circumstances Review

Pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), the Department will conduct a changed circumstances review upon receipt of information concerning, or a request from an interested party of, an antidumping duty order which shows changed circumstances sufficient to warrant a review of the order. Monterra contends that, because it is no longer owned by Weyerhaeuser, it should be subject to the "All Others" cash deposit rate. In accordance with 19 CFR 351.216(c), due to the change in ownership, the Department finds good cause to initiate a changed circumstances review despite the final determination being in existence for fewer than 24 months. Therefore, we are initiating a changed circumstances administrative review pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(c) to determine whether entries naming Monterra as manufacturer and exporter should receive the "All Others" cash deposit rate of 8.43 percent.

With regard to Monterra's request to have the cash deposit rate of 8.43 percent made effective as of December 23, 2002, because cash deposits are only estimates of the amount of antidumping duties that will be due, changes in cash deposit rates are not made retroactive. If Monterra believes that the deposits paid exceed the actual amount of dumping, it is entitled to request an administrative review during the anniversary month of the publication of the order of those entries to determine the proper assessment rate and receive a refund of any excess deposits. See *Certain Hot-Rolled Lead and Bismuth Carbon Steel Products From the United Kingdom: Final Results of Changed-Circumstances Antidumping and Countervailing Duty Administrative Reviews*, 64 FR 66880 (November 30, 1999).

The Department will publish in the **Federal Register** a notice of preliminary results of changed circumstances antidumping duty administrative review

in accordance with 19 CFR 351.221(b)(4) and 351.221(c)(3)(i), which will set forth the Department's preliminary factual and legal conclusions. The Department will issue its final results of review in accordance with the time limits set forth in 19 CFR 351.216(e).

This notice is in accordance with section 751(b)(1) of the Act.

Dated: March 21, 2003.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2002, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on stainless steel sheet and strip in coils from France. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 67 FR 44172 (July 1, 2002). On July 31, 2002, Ugine S.A., a French producer of

Lumber Imports Executive Committee regarding U.S.-origin Lumber Undergoing Additional Processing, dated January 22, 2003.

² To ensure administrability, we clarified the language of this exclusion to require an importer certification and to permit single or multiple entries on multiple days as well as instructing importers to retain and make available for inspection specific documentation in support of each entry.
