

the Purpose of Creating and Operating an Intermarket Options Market Linkage ("Linkage Plan" or "Plan") was originally approved by the Commission on July 28, 2000,<sup>6</sup> and subsequently amended on June 27, 2001,<sup>7</sup> May 30, 2002,<sup>8</sup> January 29, 2003,<sup>9</sup> and January 31, 2003.<sup>10</sup> For the purpose of implementing the Linkage Plan, Amex filed and received Commission approval of the Exchange's rules governing the operation of the Intermarket Linkage ("Linkage") on January 31, 2003.<sup>11</sup> The Exchange, with the other options exchanges, launched Phase I of the Linkage on January 31, 2003.

In connection with the launch of the Linkage, the Exchange seeks to clarify that the existing fee amount of \$0.36 per contract side<sup>12</sup> for equity options that currently is charged to Exchange specialists and registered options traders ("ROTS") will also apply to executions resulting from Linkage Orders. As a result, market makers from other exchanges sending Principal Acting as Agent Orders ("P/A Orders") or Principal Orders ("P Orders") will pay the same execution fees applicable to Exchange specialists and ROTS. The Exchange believes it is appropriate to charge market makers on other option exchanges the same fees members pay for proprietary transactions when such market makers access the liquidity available on the Amex.

As set forth in Amendment No. 4 of the Plan recently approved by the Commission, fees will not be charged to a member of another options exchange that is seeking to satisfy customer orders

(i.e., Satisfaction Orders) on its book that were traded through.<sup>13</sup>

Due to the lack of experience that the options exchanges have in operating the Linkage, the Exchange has proposed that a one-year pilot program be instituted with respect to the application of Linkage Order fees. In this manner, the Amex, as well as the other options exchanges, will be able to monitor the operation of the Linkage during its first year of operation and reassess whether the proposed fees are adequate and reasonable.

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b)(4) of the Act<sup>14</sup> regarding the equitable allocation of reasonable dues, fees and other charges among exchange members and other persons using exchange facilities.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed rule change will impose no burden on competition.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change; or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the amended proposal is consistent with the Act. Persons making written submissions should file six copies thereof with the
