

maintenance services for customers under the Rolls-Royce trademark.

In its petition, Roll-Royce asserts that an exemption should be granted because AMC purchasers are sophisticated business persons with extensive prior experience in the industry, and the information-exchange and negotiation process leading to execution of an AMC agreement takes place over a period of several months, ensuring adequate time for review. Petitioner asserts that the experience and sophistication of prospective dealers and the company's lengthy selection process leading to the execution of the dealership agreement make the abuses identified by the Commission as the basis for the Franchise Rule unlikely and render application of the Rule to Rolls-Royce unnecessary and burdensome.

For a complete presentation of the arguments submitted by Petitioner, please refer to the full text of the petition, which may be obtained from the FTC Public Reference Branch, on request.

In assessing the present exemption request, the Commission solicits comments on all relevant issues germane to the proceeding, including the following: (1) Is there evidence indicating that Petitioner may engage in unfair or deceptive acts or practices in the offer and sale of dealership franchises? (2) Are there other reasons that might militate against granting Petitioner an exemption from the Franchise Rule?

The Commission has considered the arguments made by Petitioner and concludes that further inquiry is warranted before a decision regarding the petition may be made. The Commission, therefore, seeks comment on the exemption requested by Petitioner.

All interested parties are hereby notified that they may submit written data, views, or arguments on any issues of fact, law, or policy that may have some bearing on the requested exemption, whether or not such issues have been raised by the petition or in this notice. Such submission may be made for sixty days to the Secretary of the Commission.

Comments should be identified as "Rolls-Royce Corp. Franchise Rule Exemption Comment" and three copies should be submitted.
