

enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Nitrogen dioxide, Ozone, Reporting and recordkeeping requirements.

Dated: March 5, 2003.

Thomas C. Voltaggio,

Acting Regional Administrator, Region III.

■ 40 CFR part 52 is amended as follows:

PART 52—[AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart NN—Pennsylvania

■ 2. Section 52.2020 is amended by adding paragraph (c)(196) to read as follows:

§ 52.2020 Identification of plan.

* * * * *

(c) * * *

(196) Revisions pertaining to NO_x RACT for major sources submitted on December 21, 2001.

(i) Incorporation by reference.

(A) Letter submitted on December 21, 2001 by the Pennsylvania Department of Environmental Protection transmitting source-specific VOC and/or NO_x RACT determinations, in the form of plan approvals or operating permits.

(B) Plan approval (PA); Operating permit (OP):

(1) Lafarge Corporation, Lehigh County, OP-39-0011B, effective May 19, 1997.

(2) The Peoples Natural Gas Company, Cambria County, OP-11-000-356, effective November 23, 1994.

(3) Horsehead Resource Development Company, Inc., Carbon County, OP-13-0001, effective May 16, 1995.

(4) Williams Generation Company, Hazleton, Luzerne County, OP-40-0031A, effective March 10, 2000.

(5) Pennsylvania Power and Light Company, Holtwood Steam Electric Station, Lancaster County, PA-36-2016, effective May 25, 1995.

(ii) Additional Material.

(A) Letter of October 15, 2002 from the Pennsylvania Department of Environmental Protection to EPA transmitting materials related to the RACT permits listed in paragraph (c)(196)(i) of this section.

(B) Other materials submitted by the Commonwealth of Pennsylvania in support of and pertaining to the RACT

determinations for the sources listed in paragraph (c)(196)(i) of this section.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[IN214-1a; FRL-7470-7]

Approval and Promulgation of Implementation Plans; Indiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: On August 8, 2001, the Indiana Department of Environmental Management (IDEM) submitted a request that EPA approve a revision to its shipbuilding and ship repair volatile organic compound (VOC) rules into the Indiana State Implementation Plan. The State submitted additional information on October 1, 2002. This revision changes exemption levels and compliance, recordkeeping and reporting requirements. EPA is approving these revisions because they are enforceable and, in some cases, more stringent than the existing rules.

DATES: This rule is effective on June 2, 2003, unless EPA receives relevant adverse written comments by May 1, 2003. If adverse comment is received, EPA will publish a timely withdrawal of the rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: You should send written comments to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

You may inspect copies of the State submittal and EPA's analysis of it at:

Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Steven Rosenthal, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-6052.

SUPPLEMENTARY INFORMATION: Throughout this document wherever "we", "us", or "our" are used we mean EPA. "You" means the reader of this document.

Table of Contents

- I. Background
- II. What changes did the state include in this SIP Revision Request and what is EPA's analysis of these revisions?
- III. Rulemaking action
- IV. Statutory and Executive Order Reviews

I. Background

Shipbuilding and ship repair companies in Clark, Floyd, Lake, and Porter counties are required to comply with the VOC requirements in 326 Indiana Administrative Code (IAC) 8-12 and the national emission standards for hazardous air pollutants (NESHAPS) in title 40, part 63, subpart II.

IDEM states, in an October 1, 2002, letter from IDEM to EPA that it has identified one source in Clark County, Jeffboat, that is subject to both the NESHAPS and the VOC rule for shipbuilding and ship repair. In an effort to streamline some of the overlapping requirements between the NESHAPS and the VOC rule, IDEM revised its VOC rule to eliminate certain inconsistent requirements. This letter includes IDEM's interpretation of certain points in its rule as well as a table for use in determining the allowable thinning ratio (that is, the amount of generally 100% VOC solvent that can be added to a coating without it exceeding the allowable VOC content).

II. What Changes Did the State Include in This SIP Revision Request and What Is EPA's Analysis of These Revisions?

Indiana revised several sections in 326 IAC 8-12, its VOC rule for Shipbuilding and Ship Repair coating operations. A description of these revisions and EPA's evaluation of these revisions follows:

A. 326 IAC 8-12-2(1) Exemptions

Indiana increased the exemption level of any coating from 20 to 25 gallons per year, and reduced the total volume of all exempt coatings from 400 to 264 gallons per year. This revision is approvable because the total allowable annual volume of exempt coatings is reduced and the cutoffs are less than those in the NESHAPS.

B. 326 IAC 8-12-4(2) VOC Emission Limiting Requirements

This section has been revised to require that the general use coating emission limit be in effect for the entire year, instead of only May 1 through September 30. This revision is approvable because it extends the applicability of the general use coating limitation, and will limit VOC emissions from October through April.
