

Executive Order. The rule will be premium neutral for the National Flood Insurance Fund. The adjustment in premiums rates will be offset by the elimination of the Expense Constant. It will not have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, the insurance sector, competition, or other sectors of the economy. It will create no serious inconsistency or otherwise interfere with an action taken or planned by another agency. It will not materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof. Nor does it raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in the Executive Order.

The Office of Management and Budget has not reviewed this rule under the provisions of Executive Order 12866.

Paperwork Reduction Act

This rule does not contain a collection of information and is therefore not subject to the provisions of the Paperwork Reduction Act.

Executive Order 13132, Federalism

Executive Order 13132 sets forth principles and criteria that agencies must adhere to in formulating and implementing policies that have federalism implications, that is, regulations that have substantial direct effects on the States, or on the distribution of power and responsibilities among the various levels of government. Federal agencies must closely examine the statutory authority supporting any action that would limit the policymaking discretion of the States, and to the extent practicable, must consult with State and local officials before implementing any such action.

We have reviewed this final rule under E.O.13132 and have determined that the rule does not have federalism implications as defined by the Executive Order. The rule will adjust the premiums for buildings in Pre-FIRM Special Flood Hazard Areas. The rule in no way that we foresee affects the distribution of power and responsibilities among the various levels of government or limits the policymaking discretion of the States.
