Abstract: This clearance request is for the background questions for the National Assessment of Educational Progress Long-Term Trend. These are a series of surveys that have been conducted since 1986. This assessment will be conducted in 2003/2004. Since bridging studies will be required to relate the existing format to the newly adopted format, some questionnaires will still consist of all the existing questions, thus all are being submitted for clearance. In these assessments, students 9, 13 and 17 years of age are assessed.

SUPPLEMENTARY INFORMATION: The Advisory Committee on Student Financial Assistance is established under section 491 of the Higher Education Act (HEA) of 1965 as amended by Public Law 100–50 (20 U.S.C. 1098). The Advisory Committee serves as an independent source of advice and counsel to the Congress and the Secretary of Education on student financial aid policy. Since its inception, the Committee has been charged with providing technical expertise with regard to systems of need analysis and application forms, making recommendations that result in the maintenance of access to postsecondary education for low- and middle-income students; conducting a study of institutional lending in the Stafford Student Loan Program; assisting with activities related to the 1992 reauthorization of the Higher Education Act of 1965; conducting a three-year evaluation of the Ford Federal Direct Loan Program (FDLP) and the Federal Family Education Loan Program (FFELP) under the Omnibus Budget Reconciliation Act (OBRA) of 1993; and assisting Congress with the 1998 reauthorization of the Higher Education Act.

The congressional mandate requires the Advisory Committee to conduct objective, nonpartisan, and independent analyses on important aspects of the student assistance programs under title IV of the Higher Education Act. The Committee traditionally approaches its work from a set of fundamental goals; promoting access; ensuring program integrity; integrating delivery across the title IV programs; eliminating or avoiding program complexity; and minimizing burden on students and institutions.
