

be assessed at the cash deposit rate, and cash deposits must continue to be collected, at the rate previously ordered. As such, the countervailing duty cash deposit rate applicable to a company can no longer change, except pursuant to a request for a review of that company. *See Federal-Mogul Corporation and The Torrington Company v. United States*, 822 F.Supp. 782 (CIT 1993) and *Floral Trade Council v. United States*, 822 F.Supp. 766 (CIT 1993) (interpreting 19 CFR 353.22(e), the antidumping regulation on automatic assessment, which is identical to 19 CFR 351.212(c)(ii)(2)). Therefore, the cash deposit rates for all companies except those covered by this review will be unchanged by the results of this review.

We will instruct Customs to continue to collect cash deposits for non-reviewed companies at the most recent company-specific or country-wide rate applicable to the company. Accordingly, the cash deposit rates that will be applied to non-reviewed companies covered by this order will be the rate for that company established in the most recently completed administrative proceeding conducted under the URAA. If such a review has not been conducted, the rate established in the most recently completed administrative proceeding pursuant to the statutory provisions that were in effect prior to the URAA amendments is applicable. These rates shall apply to all non-reviewed companies until a review of a company assigned these rates is requested. In addition, for the period January 1, 2001, through December 31, 2001, the assessment rates applicable to all non-reviewed companies covered by this order are the cash deposit rates in effect at the time of entry.

Upon completion of this administrative review, the Department will determine, and Customs shall assess, countervailing duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(2), we have calculated a company-specific assessment rate for merchandise subject to this review. The Department will issue appropriate assessment instructions directly to Customs within 15 days of publication of the final results of review. If these preliminary results are adopted in the final results of review, we will direct Customs to assess the resulting assessment rates against the entered customs values for the subject merchandise on each of the company's entries during the review period.
