

EXHIBIT C: NARRATIVE OF PROPOSED ACTIVITIES

Provide a one- to two-page narrative that briefly summarizes the proposed demolition and related activities. Although this is a required exhibit, this overview is for informational purposes only and will not be used in the evaluation of the application.

1. Describe the scope of the proposed demolition. Provide the number of original dwelling units and buildings in the project, the number of any units previously demolished or disposed of, and the number of units proposed for demolition with funds from this HOPE VI Demolition Grant Application.
2. Describe any non-dwelling facilities to be demolished. Explain the relationship between the non-dwelling facilities and the dwelling units to be demolished, both in terms of proximity and use.
3. In the case of partial demolition of a site, describe any minimal site restoration that will take place after demolition and subsequent site improvements needed to benefit the remaining portion of the project in order to provide project accessibility or to make the site more marketable.
4. Demonstrate the appropriateness of your proposal in the context of the local housing market relative to other alternatives. This is a statutory threshold criterion. See **Section VII(C)** of the NOFA.
5. Describe the proposed plan for the use of the site after demolition, and the resources that will be used to carry out that plan.
6. If applicable, list all prior HUD public housing grant assistance you have used for the physical revitalization of the proposed development. This includes any public housing funds received for Capital Improvements as far back in time as possible. If only a portion of the targeted development has previously received such funds, provide the street addresses of the units assisted.
