

Questions that you may wish to address include:

Is the format of the form easy to understand and complete? Do you have suggestions for improvements in the appearance of the form? Are the line item instructions understandable? have

we sufficiently defined the terms? Are there any data elements that could be eliminated from the form? If your recommend eliminating an item, please explain your recommendation. Could we provide any additional information

that would be useful to the users of this form?

Joseph L. Kull,
Deputy Controller.
