

62190-8	Wolmanac Concentrate 72%
62190-14	Wolmanac Concentrate 60%

For the above identified end-use products, the accepted amended label is to read as follows:

Effective December 31, 2003, this product may only be used for preservative treatment of the following categories of forest products and in accordance with the respective cited standard (noted parenthetically) of the 2001 edition of the American Wood-Preservers Association Standards: Lumber and Timber for Salt Water Use Only (C2), Piles (C3), Poles (C4), Plywood (C9), Wood for Highway Construction (C14), Round, Half Round and Quarter Round Fence Posts (C16), Poles, Piles and Posts Used as Structural Members on Farms, and Plywood Used on Farms (C16), Wood for Marine Construction (C18), Lumber and Plywood for Permanent Wood Foundations (C22), Round Poles and Posts Used in Building Construction (C23), Sawn Timber Used To Support Residential and Commercial Structures (C24), Sawn Crossarms (C25), Structural Glued Laminated Members and Laminations Before Gluing (C28), Structural Composite Lumber (C33), and Shakes and Shingles (C34). Forest products treated with this product may only be sold or distributed for uses within the AWP Commodity Standards under which the treatment occurred.

4. Further amendments to the product label will be made by the registrants of the above identified amended registrations via notification to the Agency on or before December 1, 2003, to: (1) Delete the use directions in effect prior to these amendments, and (2) delete the preface phrase "Effective December 31, 2003," from the amended labels such that the statement begins by reading, "This product may only be used for preservative treatment of the following categories of forest products and in accordance with the respective cited standard (noted parenthetically) of the 2001 edition of the American Wood-Preservers' Association Standards..." These specific changes may be done via notification.

5. The registrants of the above identified products will notify their customers of the amended registrations/labels by certified mail. This is to ensure that those who are affected by the cancellation order are aware of the labeling changes.

6. The cancellation order included existing stocks provisions as described in Unit V below.

7. The text in 40 CFR 152.132 provides that a distributor (or supplemental registrant) is considered an agent of the registrant for intents and purposes under the act, and both the registrant and the distributor may be held liable for violations pertaining to the distributor product.

V. Provisions for Disposition of Existing Stocks

For purposes of this Order, the term "existing stocks" is defined, pursuant to EPA's existing stocks policy (56 FR 29362, June 26, 1991), as those stocks of a registered pesticide product which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation or amendment. Any distribution, sale or use of existing stocks in a manner inconsistent with the terms of the cancellation order or the existing stocks provisions contained in the order will be considered a violation of section 12(a)(2)(K) and/or section 12(a)(1)(A) of FIFRA. The following summarizes the effective dates of cancellation as well as the existing stocks provisions for each product subject to the cancellation order.

1. *Cancelled registrations (Table 2 in Unit II).* The effective date of cancellation was March 17, 2003, the date upon which the cancellation order was signed. Registrants have 60 calendar days following the signing of the cancellation order (until May 16, 2003) in which to sell or distribute products listed in Table 2. Registrants were notified of the signing of the cancellation order and of the required changes to labels on the date the order was signed by telephone and facsimile transmission. Any sale, distribution, or use by the registrants of these affected products on or after that date is prohibited. Sale, distribution, or use by persons other than the registrants may continue until supplies are exhausted. Additionally, sale, distribution or use of the stocks by persons other than the registrant in the channels of trade may continue until depleted, provided any sale, distribution, or use is in accordance with the existing label of that product.

2. *Registrations amended to delete terminated uses (Table 3).* The effective date of the cancellation effectuating the use terminations is May 16, 2003. The registrants' voluntary requests for termination of uses had requested that EPA allow use of the previous (unamended) labels for a period of 60 calendar days from the date on which the particular affected registrant receives EPA's approval of the amendments. The Agency is granting this request by making the effective date of cancellation 60 calendar days

following the signing of the cancellation order. Registrants were notified of the signing of the cancellation order and of the required changes to labels on the date the order was signed by telephone and facsimile transmission. This 60-day period is intended to allow a sufficient period of time for an orderly transition to the amended labels without disrupting supply and availability of product. On or after May 16, 2003, any sale, distribution, or use of existing stocks by the registrants of the subject registrations is prohibited. Sale, distribution, or use by persons other than the registrants may continue until supplies are exhausted. Additionally, sale, distribution or use of the stocks in the channels of trade by persons other than the registrant may continue until depleted, provided any sale, distribution or use is in accordance with the existing label of that product.

List of Subjects

Environmental protection, Chromated Copper Arsenate, Pesticides and pests.
