

that compliance cannot be secured voluntarily. IMLS will engage in voluntary compliance efforts and will provide technical assistance to recipients at all stages of its investigation. During these efforts to secure voluntary compliance, IMLS will propose reasonable timetables for achieving compliance and will consult with and assist recipients in exploring cost effective ways of coming into compliance.

In determining a recipient's compliance with Title VI, the IMLS's primary concern is to ensure that the recipient's policies and procedures overcome barriers resulting from language differences that would deny LEP persons a meaningful opportunity to participate in and access programs, services, and benefits. A recipient's appropriate use of the methods and options discussed in this policy guidance will be reviewed by the IMLS as evidence of a recipient's willingness to comply voluntarily with its Title VI obligations. If implementation of one or more of these options would be so financially burdensome as to defeat the legitimate objectives of a recipient/covered entity's program, or if there are equally effective alternatives for ensuring that LEP persons have meaningful access to programs and services (such as timely effective oral interpretation of vital documents), IMLS will not find the recipient/covered entity in noncompliance.

If you have any questions related to this policy, please contact the IMLS Office of the General Counsel.

Nancy E. Weiss,
General Counsel.
