Approval and Promulgation of State Plan for Designated Facilities and Pollutants: Florida

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is approving the sections 111(d)/129 plan submitted by the Florida Department of Environmental Protection (FDEP) for the State of Florida on November 29, 2001, for implementing and enforcing the Emissions Guidelines (EG) applicable to existing Commercial and Industrial Solid Waste Incineration (CISWI) units that commenced construction on or before November 30, 1999.

DATES: This direct final rule is effective June 13, 2003 without further notice, unless EPA receives adverse comments by May 14, 2003. If adverse comments are received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: All comments should be addressed to: Joydeb Majumder, EPA Region 4, Air Toxics and Management Branch, 61 Forsyth Street, SW., Atlanta, Georgia 30303-3104. Copies of materials submitted to EPA may be examined

SUPPLEMENTARY INFORMATION:

I. Background

On December 1, 2000, pursuant to sections 111 and 129 of the Clean Air Act (Act), EPA promulgated new source performance standards (NSPS) applicable to new CISWIs and EG applicable to existing CISWIs. The NSPS and EG are codified at 40 CFR part 60, subparts CCCC and DDDD, respectively. Subparts CCCC and DDDD regulate the following: Particulate matter, opacity, sulfur dioxide, hydrogen chloride, oxides of nitrogen, carbon monoxide, lead, cadmium, mercury, and dioxins and dibenzofurans.

Section 129(b)(2) of the Act requires States to submit to EPA for approval State Plans that implement and enforce the EG. State Plans must be at least as protective as the EG, and become Federally enforceable upon approval by EPA. The procedures for adoption and submittal of State Plans are codified in 40 CFR part 60, subpart B. EPA originally promulgated the subpart B provisions on November 17, 1975. EPA amended subpart B on December 19, 1995, to allow the subparts developed under section 129 to include specifications that supersede the general provisions in subpart B regarding the schedule for submittal of State Plans, the stringency of the emission limitations, and the compliance schedules.

This action approves the State Plan submitted by FDEP for the State of Florida to implement and enforce subpart DDDD, as it applies to existing CISWI units only.

II. Discussion

FDEP submitted to EPA on November 29, 2001, the following in their 111(d)/129 State Plan for implementing and enforcing the EG for existing CISWIs under their direct jurisdiction in the State of Florida: Public Participation-Demonstration that the Public Had Adequate Notice and Opportunity to Submit Written Comments and Attend the Public Hearing; Legal Authority; Emission Limits and Standards; Compliance Schedule; Inventory of CISWI Plants/Units; CISWI Emissions Inventory; Source Surveillance, Compliance Assurance and Enforcement Procedures; Submittal of Progress Reports to EPA; and applicable State of Florida statutes and rules of the FDEP.

The approval of the Florida State Plan is based on finding that: (1) FDEP provided adequate public notice of public hearings for the EG for CISWIs, and (2) FDEP also demonstrated legal authority to adopt emission standards and compliance schedules; enforceable applicable laws, regulations, standards, and compliance schedules; the ability to seek injunctive relief; obtain information necessary to determine compliance; require record keeping; conduct inspections and tests; require the use of monitors; require emission reports of owners and operators; and make emission data publicly available.

FDEP cites the following references for the legal authority: The Florida Statutes (F.S.), sections 403.031 definitions, 403.061 powers and duties, 403.0872 Title V air operating permits, and 403.8055 authority to adopt federal
