IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the Commission finds that the proposed rule change is consistent with section 6(b)(5) of the Act.⁸ Specifically, The Commission believes that the proposed change does not raise any significant regulatory issues that were not addressed in the Commission's prior approval orders regarding ELDS. The proposed rule change clarifies the existing listing criteria for ELDS contained in Paragraph 703.21 of the Manual by clarifying that the definition of ELDS covers non-convertible debt of an issuer where the value of the debt is based, at least in part, not only on the value of another issuer's common stock or non-convertible preferred stock, but also on the value of common units of a publicly traded master limited partnership, as well as any other equity security of a type classified for trading as "stocks" by the Exchange. The Commission notes that an equity security on which the value of the debt is based must meet the requirements of section 703.21(c). The Commission believes that this change is consistent with the intent of the original rule of section 703.21 and will provide issuers with greater transparency regarding the scope of the rule.

NYSE has requested that the Commission find good cause for approving the proposed rule change prior to the thirtieth day after publication of notice thereof in the **Federal Register** to accommodate the listing and trading of ELDS based on publicly traded master limited partnerships. Accordingly, the Commission finds good cause, pursuant to section 19(b)(2) of the Act,⁹ for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register** because these products

are similar to other ELDS currently trading on NYSE.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-NYSE-2003-08), is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹

Margaret H. McFarland,

Deputy Secretary.

Background

SSA is testing the Internet Representative Payee Report form (I623) that electronically reports on the use of benefit payments made on behalf of Social Security beneficiaries and SSI recipients. In support of this process, a proof of concept (POC) test limited to 40 organizational representative payees use the I623 to complete and file the representative payee report instead of using the paper SSA-623. Initially SSA projected a 6-month POC test, but is planning to expand the POC to a full operational year.

The Collection

Organizations participating in the POC will designate up to three employees that will be authenticated using SSA's existing Integrated Registration for Employers and Submitters (IRES) OMB control number 0960-0626. Once authenticated, the employee will be required to enter a Personal Identification Number (PIN) and Password to gain access to the online I623 application. The PIN and
