SUPPLEMENTARY INFORMATION:

- I. Background and Purpose of Rule
- II. Procedural Matters

I. Background and Purpose of Rule

The BLM is issuing this final rule for the convenience of the public to provide a current list of BLM State Offices locations. This is necessary due to several recent office moves. This list has no substantive impact on the public, nor imposes any costs, and merely updates a list of addresses and areas of jurisdiction included in the Code of Federal Regulations. Therefore, the Department of the Interior, for good cause, finds under 5 U.S.C. 553(b)(B) and 553(d)(3) that notice and public procedures are unnecessary and that

this rule may take effect upon publication.

II. Procedural Matters

Executive Order 12866, Regulatory Planning and Review

This final regulation is not a significant regulatory action and is not subject to review by the Office of Management and Budget under Executive Order 12866. This final regulation will not have an effect of \$100 million or more on the economy. It will not adversely affect in a material way the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities. This final regulation will not create a serious inconsistency or otherwise interfere with an action taken or planned by another agency. The final regulation does not alter the budgetary effects of entitlements, grants, user fees, or loan programs or the right or obligations of their recipients, nor does it raise novel legal or policy issues.

Regulatory Flexibility Act

Congress enacted the Regulatory Flexibility Act of 1980 (RFA) 5 U.S.C. 601 *et seq.*, to ensure that Government regulations do not unnecessarily or disproportionately burden small entities. The BLM has determined under the RFA that this final rule would not have a significant economic impact on a substantial number of small entities.

Small Business Regulatory Enforcement Fairness Act

This final rule is not a major rule as defined at 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. It should not have an annual effect on the economy of \$100 million or more. The rule will not cause a major increase in costs of prices for consumers, individual industries, Federal, State, or local government agencies, or geographics regions. It will not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises.

Unfunded Mandates Reform Act

The BLM has determined that the final rule is not significant under the Unfunded Mandates Reform Act of 1995 because it will not result in the expenditure by State, local, and tribal governments, in the aggregates, or by the private sector, of \$100 million or more in any one year.

Further, the final rule will not significantly or uniquely affect small governments. It does not require action
