Executive Order 12630, Governmental Actions and Interference With Constitutionally Protected Property Rights (Takings)

As required by Executive Order 12630, the Department of the Interior has determined that the rule would not cause a taking of private property. No private property rights are affected by this rule which only updates the list of addresses for BLM State Offices printed in the Code of Federal Regulations. The Department therefore certifies that this rule does not represent a governmental action capable of interference with constitutionally protected property rights or require further discussion of the Takings implications under this Executive Order.

Executive Order 13132, Federalism

In accordance with Executive Order 13132, BLM finds that the rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. This final rule does not have substantial direct effects on the States, on the relationship between the national government and the States, or the distribution of power and responsibilities among the various levels of government. This final rule does not preempt State law.

Executive Order 13175, Consultation and Coordination With Indian Tribal Governments

In accordance with Executive Order 13175, BLM finds that the rule does not include policies that have tribal implications. This final rule is purely an administrative action having no effects upon the public or the environment, imposing no costs, and merely updating a list of BLM State Offices addresses included in the Code of Federal Regulations.

Executive Order 12988, Civil Justice Reform

Under Executive Order 12988, Civil Justice Reform, the Office of the Solicitor has determined that this rule would not unduly burden the judicial system and that it meets the requirements of the sections 3(a) and 3(b)(2) of the Order.

Paperwork Reduction Act

This final rule does not contain information collection requirements that the Office of Management and Budget must approve under the Paperwork

Reduction of 1995, 44 U.S.C. 3501 *et seq.* This final rule merely updates a list of BLM State Offices addresses included in the Code of Federal Regulations. This final rule does not require the public to provide information.

National Environment Policy Act

This final rule is purely administrative action and has no effect upon the public or the environment, it imposes no costs, and merely updates a list of BLM State Offices addresses included in the Code of Federal Regulations for the convenience of the public. Therefore, it is categorically excluded from the environmental review under section 102(2)(C) of the National Environment Policy Act of 1969 (NEPA), 42 U.S.C. 4332(2)(C), pursuant to 516 Departmental Manual (DM), Chapter 2, Appendix 1. In addition, the Department has determined that none of the exceptions to categorical exclusions, listed in 516 DM 2, Appendix 2, applies to this rule. The Council on Environment Quality regulations at 40 CFR 1508.4, define "categorical exclusions" as a category of actions that the Department has determined ordinarily do not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor environmental impact statement under the NEPA is required.

Executive Order 13211, Actions Concerning Regulation That Significantly Affect Energy Supply, Distribution, or Use

In accordance with Executive Order 13211, BLM has determined that the final rule will not have substantial direct effects on the energy supply, distribution or use, including a shortfall in supply or price increase. This final rule merely updates a list of BLM State Offices addresses included in the Code of Federal Regulations.

Clarity of the Regulations

Executive Order 12866 requires each agency to write regulations that are simple and easy to understand. The BLM invites your comments on how to make these regulations easier to understand, including answers to questions such as the following:

1. Are the requirements in the final regulations clearly stated?
2. Do the final regulations contain technical language or jargon that interferes with their clarity?
3. Does the format of the final regulations (grouping and order of sections, use of headings, paragraphing, etc.) aid or reduce their clarity?

4. Would the final regulations be easier to understand if they were divided into more (but shorter) sections?

5. Is the description of the final regulations in the **SUPPLEMENTARY INFORMATION** section of this preamble helpful in making the final regulations easier to understand?

Please send any comments you have on the clarity of the regulations to the address specified in the **ADDRESSES** section.
