FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 64

[CC Docket No. 94-129, FCC 03-42]

Implementation of the Subscriber Carrier Selection Changes Provisions of the Telecommunications Act of 1996, Policies and Rules Concerning Unauthorized Changes of Consumers' Long Distance Carriers

AGENCY: Federal Communications Commission.

ACTION: Notice of proposed rulemaking.

SUMMARY: In this document, the Commission seeks comment on whether to revise, clarify, or adopt any additional rules in order to more effectively carry out Congress' directives in the Communications Act to combat unauthorized changes in a subscriber's telecommunications providers (also known as "slamming"). In order to maximize the accuracy and efficiency for consumers, carriers, and the Commission, additional minimum requirements for third party verification may be necessary. It is the Commission's experience that additional requirements may address issues that the Commission has seen repeatedly in our enforcement of the slamming rules. Therefore, we seek comment on whether third party verifiers should state the date during the taped verification process. We also seek comment on whether the verifier should be required to make additional statements and whether these additional statements would serve to lessen or heighten customer confusion.

DATES: Comments are due June 2, 2003 and reply comments are due June 17, 2003. Written comments by the public on the proposed information collections are due June 2, 2003. Written comments must be submitted by the Office of Management and Budget (OMB) on the proposed information collection on or before June 17, 2003.

ADDRESSES: Parties who choose to file comment by paper must file an original and four copies to the Commission's Secretary, Marlene H. Dortch, Office of the Secretary, Federal Communications
