

751(a)(2)(C) of the Act: (1) The cash deposit rate for the reviewed companies will be the rate established above; (2) for previously-reviewed PRC and non-PRC exporters with separate rates, the cash deposit rate will be the company-specific rate established for the most recent period; (3) for all other PRC exporters, the cash deposit rate will be the PRC-wide rate, 223.01 percent; and (4) for all other non-PRC exporters of the subject merchandise, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under section 351.402(f) of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with section 351.305(a)(3) of the Department's regulations. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: April 14, 2003.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

APPENDIX

List of Issues

Comment 1: Valuation of the raw crawfish input

Comment 2: Cash deposit rates for producing and non-producing supplier combinations (Combination Rates)

Comment 3: Application of facts available to Qingdao Rirong Foodstuff Co., Ltd. (Qingdao Rirong) because it withheld information concerning its corporate affiliations

Comment 4: Application of facts available to Qingdao Rirong because it engaged in a pattern of noncompliance with regulations governing business proprietary information (BPI)

Comment 5: If Qingdao Rirong's margin is not based on adverse facts available, what should be used as partial facts available in calculating Qingdao Rirong's margin

Comment 6: Whether the Department improperly applied facts available to Yancheng Yaou Seafood Co., Ltd.

Comment 7: Application of Adverse Facts Available to China Kingdom Import & Export Co., Ltd. (China Kingdom)

DEPARTMENT OF COMMERCE

International Trade Administration

[A-428-836]

Notice of Final Determination of Sales at Less Than Fair Value: Polyvinyl Alcohol from Germany

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 21, 2003.

FOR FURTHER INFORMATION CONTACT:

Mike Strollo or Patrick Connolly at (202) 482-0629 or (202) 482-1779, respectively, Office of AD/CVD Enforcement, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

FINAL DETERMINATION:

We determine that polyvinyl alcohol (PVA) from Germany is being sold, or is likely to be sold, in the United States at less than fair value (LTFV), as provided in section 735 of the Tariff Act of 1930, as amended (the Act). The estimated margins of sales at LTFV are shown in the "Suspension of Liquidation" section of this notice.

Background

The preliminary determination in this investigation was issued on February 12, 2003. *See Notice of Preliminary Determination of Sales at Less Than Fair Value: Polyvinyl Alcohol from Germany*, 68 FR 7980 (Feb. 19, 2003) (*Preliminary Determination*).

Since the preliminary determination, the following events have occurred. On March 3, 2003, the petitioners agreed to revise the scope of the companion case

on PVA from Japan to exclude certain types of PVA covalently bonded with diacetoneacrylamide. The petitioners' submission was made in response to a request by Japan VAM and POVAL Co., Ltd., one of the mandatory respondents in the companion Japanese case.

Because these comments relate to PVA in general, we find that they are applicable to this proceeding. Accordingly, as we did in the preliminary determination, we have modified the scope to conform to that set forth in the companion Japanese proceeding, as described below. *See the Notice of Final Determination of Sales at Less Than Fair Value: Polyvinyl Alcohol from Japan*, published in the **Federal Register** concurrently with this notice.

Scope of Investigation

The merchandise covered by this investigation is PVA. This product consists of all PVA hydrolyzed in excess of 80 percent, whether or not mixed or diluted with commercial levels of defoamer or boric acid, except as noted below.

The following products are specifically excluded from the scope of this investigation:

- (1) PVA in fiber form.
- (2) PVA with hydrolysis less than 83 mole percent and certified not for use in the production of textiles.
- (3) PVA with hydrolysis greater than 85 percent and viscosity greater than or equal to 90 cps.
- (4) PVA with a hydrolysis greater than 85 percent, viscosity greater than or equal to 80 cps but less than 90 cps, certified for use in an ink jet application.
- (5) PVA for use in the manufacture of an excipient or as an excipient in the manufacture of film coating systems which are components of a drug or dietary supplement, and accompanied by an end-use certification.
- (6) PVA covalently bonded with cationic monomer uniformly present on all polymer chains in a concentration equal to or greater than one mole percent.
- (7) PVA covalently bonded with carboxylic acid uniformly present on all polymer chains in a concentration equal to or greater than two mole percent, certified for use in a paper application.
- (8) PVA covalently bonded with thiol uniformly present on all polymer chains, certified for use in emulsion polymerization of non-vinyl acetic material.
- (9) PVA covalently bonded with paraffin uniformly present on all polymer chains in a concentration equal to or greater than one mole percent.
