

G. Ineligible proposals. Proposals will be determined to be ineligible if:

(1) The candidate organization is not currently defined as an air pollution control agency under section 302(b) of the Clean Air Act; (2) a required match could not be met; (3) the proposal is incomplete (proposals must address each and every component outlined in section VII (N); or (4) the proposal is received after the deadline.

Section VIII. OTAQ/Section 105 Funded Outreach Projects

Since this competition is designed to fund new projects (rather than duplicating or growing existing programs), potential candidate organizations are recommended to visit the OTAQ web site to identify representative projects already being funded. The item, entitled "OTAQ/Section 105 Funded Outreach Projects," can be found at www.epa.gov/otaq/. Click on "Recent Additions" to find a brief sketch of representative projects funded to date through the Office of Transportation and Air Quality, either with section 105 funding (indicated by year of funding) or projects that are intended to be national in scope, supported by OTAQ program funding (indicated by an asterisk "*").

Note: Some Web sites listed by funded organizations provide helpful information on a variety of air quality efforts being undertaken by the funded organization.

Section IX. Other Items of Interest

Is there other information I should have before applying? Yes.

- Submission of an Intent to Apply or a final proposal does not guarantee funding.
- Supplementary information, including letters of recommendation, will be retained in the files, but will not be reviewed by the evaluators.
- Only those organizations *selected* will be required to submit a complete "Application for Federal Assistance and Budget Information" (SF 424 and SF 424A) to the appropriate EPA Regional office.
