**SUPPLEMENTARY INFORMATION:** The Electronic Data Systems (EDS) Corporation, in its January 2002 Trust Reform Report, recommended that the Department develop an accurate, current state model to include business processes, internal controls, and associated information technology. The Department has been working extensively on documenting the business processes currently employed in managing the Indian fiduciary trust. Through this process, the Department established a comprehensive understanding of current trust business operations, identified needs and opportunities for improvement, and was able to understand the variances among geographic regions, and their causes.

After completing the "As-Is" phase review, detailed recommendations will be developed for adjusting business processes, where appropriate. The Department will integrate the final "To-Be" model processes with universal support and operational functions, and these reengineered business processes will be documented with appropriate policies, procedures, guidelines and handbooks.

The Department, through the BIA and OST, is now establishing a working group that will consist of Tribal officials and Departmental personnel to discuss the re-engineered processes. The working group will provide input and comment on potential alternatives on how the fiduciary trust process could be improved and administered. Participants should be prepared to engage in serious dialogue on all matters relating to the fiduciary trust management process. Nominees should be committed to spending a significant amount of time reviewing existing statutes and programs, discussing the issues within a diverse working group, and exploring creative solutions to the problems discussed. Participants should plan to meet approximately once per

month from June through August 2003. Travel and per diem expenses will be provided.

Tribal officials who have been nominated to serve to this working group must complete and submit the following information to the BIA or OST at the address listed above in the section titled **FOR FURTHER INFORMATION CONTACT** within 30 days of publication of this Notice in the **Federal Register**:
