

with OSHA's regular audit of TUVPSG. In a memo, dated July 31, 2002 (see Exhibit 8), the OSHA assessor recommended granting the expansion request. OSHA published the notice of its preliminary findings on the expansion request in the **Federal Register** on January 24, 2003 (68 FR 3564). The notice requested submission of any public comments by February 10, 2003. OSHA did not receive any comments pertaining to the application.

The previous notice published by OSHA for TUVPSG's recognition covered its initial recognition, which became effective on July 20, 2001 (66 FR 38032).

You may obtain or review copies of all public documents pertaining to the TUVPSG application by contacting the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N2625, Washington, DC 20210. You should refer to Docket No. NRTL1-2001, the permanent record of public information on the TUVPSG recognition.

The current address of the facility (site) that OSHA recognizes for TUVPSG is: TUV Product Services GmbH, Ridlerstrasse 65, D-80339, Munich, Germany.

Interim Approval Subject to Review

As mentioned above, TUVPSG submitted an amendment to the expansion request to use 11 additional test standards. Three of the standards requested by TUVPSG were not "appropriate" because the standards developing organization (SDO) had withdrawn the standards. Therefore, OSHA is expanding the recognition of TUVPSG to include the 8 standards listed below, which require the same type of capabilities as other test standards approved for the expansion. This brings the total to 52 test standards approved for the expansion.

UL 298 Portable Electric Hand Lamps
 UL 588 Christmas-Tree and decorative Lighting Outfits
 UL 676 Underwater Lighting Fixtures
 UL 1230 Amateur Movie Lights
 UL 1573 Stage and Studio Lighting Units
 UL 1574 Track Lighting Systems
 UL 1598 Luminaries
 UL 1786 Nightlights

Since these 8 standards were not included in the preliminary notice, the Agency will provide interested parties an opportunity to comment. Comments submitted by interested parties must be received no later than May 7, 2003. If we receive comments, OSHA will determine whether additional procedures are necessary.

Existing Condition

Currently, OSHA imposes a special condition on its recognition of TUVPSG. This condition is listed first under the "Conditions" section, which is the last section of this notice, and applies also to this expansion for additional test standards. As mentioned in previous notices, such a special condition applies solely to TUVPSG's NRTL operations, and it is in addition to any other condition that OSHA normally imposes in its recognition of any organization as an NRTL.

The condition makes reference to TUV America, Inc. (TUVAM), which is another NRTL organization recognized by OSHA.

Final Decision and Order

The NRTL Program staff has examined the applications, the assessor's report, and other pertinent information. Based upon this examination and the assessor's recommendation, OSHA finds that TUV Product Services GmbH has met the requirements of 29 CFR 1910.7 for expansion of its recognition to include the additional test standards subject to the limitation and conditions listed below. Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the recognition of TUVPSG, subject to this limitation and these conditions.

Limitation

OSHA limits the expansion to testing and certification of products for demonstration of conformance to the following 52 test standards, and OSHA has determined the standards are "appropriate," within the meaning of 29 CFR 1910.7(c).

UL 197 Commercial Electric Cooking Appliances
 UL 250 Household Refrigerators and Freezers
 UL 298 Portable Electric Hand Lamps
 UL 429 Electrically Operated Valves
 UL 474 Dehumidifiers
 UL 484 Room Air Conditioners
 UL 499 Electric Heating Appliances
 UL 588 Christmas-Tree and decorative Lighting Outfits
 UL 676 Underwater Lighting Fixtures
 UL 749 Household Dishwashers
 UL 859 Household Electric Personal Grooming Appliance
 UL 873 Temperature-Indicating and -Regulating Equipment
 UL 921 Commercial Electric Dishwashers
 UL 923 Microwave Cooking Appliances
 UL 935 Fluorescent-Lamp Ballasts
 UL 982 Motor-Operated Household Food Preparing Machines
 UL 998 Humidifiers
 UL 1004 Electric Motors
 UL 1005 Electric Flatirons
 UL 1026 Electric Household Cooking and Food Serving Appliances
