

Examiners for the Foreign Service that depends on information obtained as a result of the employee's Government employment.

(b) This section does not preclude the preparation described in paragraph (a) of this section if:

(1) The information upon which the preparation is based has been made available to the general public or will be made available on request; or

(2) Such preparation is authorized in writing by the Director of OPM, or his or her designee, or by the Director General of the Foreign Service, or his or her designee, as applicable.

§ 735.203 What are the restrictions on conduct prejudicial to the Government?

An employee shall not engage in criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct, or other conduct prejudicial to the Government.

BILLING CODE 6325-48-P

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

7 CFR Part 1794

RIN 0572-AB73

Environmental Policies and Procedures

AGENCY: Rural Utilities Service, USDA.

ACTION: Proposed rule.

SUMMARY: The Rural Utilities Service (RUS) is proposing to amend its existing environmental regulations, Environmental Policies and Procedures, which have served as RUS' implementation of the National Environmental Policy Act (NEPA) in compliance with the Council on Environmental Quality (CEQ) Regulations for Implementing the Procedural Provisions of the NEPA. Based on a greater use of small-scale and distributed generation and renewable resources, and the agency's experience and review of its existing procedures, RUS has determined that several changes are necessary for its environmental review process to operate in a more effective and efficient manner.

DATES: Written comments must be received by RUS or bear a postmark or equivalent, no later than February 14, 2003.

ADDRESSES: Written comments should be sent to F. Lamont Heppie, Jr., Director, Program Development and Regulatory Analysis, Rural Utilities

Service, U.S. Department of Agriculture, Stop 1522, 1400 Independence Ave., SW., Washington, DC 20250-1522. RUS requests a signed original and three copies of all comments (7 CFR 1700.4). Comments will be available for public inspection during regular business hours (7 CFR 1.27(b)).

FOR FURTHER INFORMATION CONTACT:

Lawrence R. Wolfe, Senior Environmental Protection Specialist, Engineering and Environmental Staff; Rural Utilities Service, Stop 1571, 1400 Independence Ave., SW., Washington, DC 20250-1571. Telephone (202) 720-1784. E-mail address: lwolfe@rus.usda.gov.

SUPPLEMENTARY INFORMATION:

Executive Order 12866

This proposed rule has been determined to be not significant for purposes of Executive Order 12866 and, therefore has not been reviewed by the Office of Management and Budget (OMB).

Executive Order 12372

This rule is excluded from the scope of Executive Order 12372, Intergovernmental Consultation, which requires consultation with State and local officials. See the final rule related notice titled "Department Programs and Activities Excluded from Executive Order 12372" (50 FR 47034) advising that RUS loans and loan guarantees were not covered by Executive Order 12372.

Executive Order 12988

This proposed rule has been reviewed under Executive Order 12988, Civil Justice Reform. RUS has determined that this proposed rule meets the applicable standards provided in section 3 of the Executive Order. In addition, all state and local laws and regulations that are in conflict with this rule will be preempted. No retroactive effect will be given to this rule, and, in accordance with section 212(e) of the Department of Agriculture Reorganization Act of 1994 (7 U.S.C. 6912(e)), administrative appeals procedures, if any are required, must be exhausted before an action against the Department or its agencies.

Regulatory Flexibility Act Certification

In accordance with the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Administrator of RUS has determined that this proposed rule, if adopted, would not have significant impact on a substantial number of small entities. The proposed rule would serve to clarify the existing regulation and to

change the existing classification of selected minor actions to generally streamline the environmental review process for such actions. Most of the proposed changes in the proposed rule should result in modest cost savings and ease the regulatory compliance burden for affected applicants.

Information Collection and Recordkeeping Requirements

This rule contains no additional information collection or recordkeeping requirements under OMB control number 0572-0117 that would require approval under the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Unfunded Mandates

This rule contains no Federal mandates (under the regulatory provision of title II of the Unfunded Mandates Reform Act) for State, local, and tribal governments of the private sector. Thus, this proposed rule is not subject to the requirements of section 202 and 205 of the Unfunded Mandates Reform Act.

National Environmental Policy Act Certification

RUS has determined that this proposed rule will not significantly affect the quality of the human environment as defined by the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) Therefore, this action does not require an environmental impact statement or assessment.

Program Affected

The program described by this proposed rule is listed in the Catalog of Federal Domestic Assistance programs under numbers 10.850, Rural Electrification Loans and Loan Guarantees. This catalog is available on a subscription basis from the Superintendent of Documents, the U.S. Government Printing Office, Washington, DC 20402-9325, telephone number (202) 512-1800.

Background

On December 11, 1998, the Rural Utilities Service (RUS) published 7 CFR Part 1794, Environmental Policies and Procedures, as a final rule in the **Federal Register** (63 FR 68648) covering the actions of the electric, telecommunications, and water and waste programs. Based on a greater emphasis within the electric industry on the use of small-scale and distributed generation and renewable resources, and the agency's experience and review of its existing procedures, RUS has
