

dipping and a surface layer of iron-zinc alloy applied by electrolytic process, the weight of the coating and plating not over 40 percent by weight of zinc; or (B) two-layer-coated corrosion-resistant steel with a coating composed of (a) a base coating layer of zinc-based zinc-iron alloy by hot-dip galvanizing process, and (b) a surface coating layer of iron-zinc alloy by electro-galvanizing process, having an effective amount of zinc up to 40 percent by weight, and (2) corrosion resistant continuously annealed flat-rolled products, continuous cast, the foregoing with chemical composition (percent by weight): carbon not over 0.06 percent by weight, manganese 0.20 or more but not over 0.40, phosphorus not over 0.02, sulfur not over 0.023, silicon not over 0.03, aluminum 0.03 or more but not over 0.08, arsenic not over 0.02, copper not over 0.08 and nitrogen 0.003 or more but not over 0.008; and meeting the characteristics described below: (A) Products with one side coated with a nickel-iron-diffused layer which is less than 1 micrometer in thickness and the other side coated with a two-layer coating composed of a base nickel-iron-diffused coating layer and a surface coating layer of annealed and softened pure nickel, with total coating thickness for both layers of more than 2 micrometers; surface roughness (RA-microns) 0.18 or less; with scanning electron microscope (SEM) not revealing oxides greater than 1 micron; and inclusion groups or clusters shall not exceed 5 microns in length; (B) products having one side coated with a nickel-iron-diffused layer which is less than 1 micrometer in thickness and the other side coated with a four-layer coating composed of a base nickel-iron-diffused coating layer; with an inner middle coating layer of annealed and softened pure nickel, an outer middle surface coating layer of hard nickel and a topmost nickel-phosphorus-plated layer; with combined coating thickness for the four layers of more than 2 micrometers; surface roughness (RA-microns) 0.18 or less; with SEM not revealing oxides greater than 1 micron; and inclusion groups or clusters shall not exceed 5 microns in length; (C) products having one side coated with a nickel-iron-diffused layer which is less than 1 micrometer in thickness and the other side coated with a three-layer coating composed of a base nickel-iron-diffused coating layer, with a middle coating layer of annealed and softened pure nickel and a surface coating layer of hard, luster-agent-added nickel which is not heat-treated; with combined coating thickness for all three layers of more

than 2 micrometers; surface roughness (RA-microns) 0.18 or less; with SEM not revealing oxides greater than 1 micron; and inclusion groups or clusters shall not exceed 5 microns in length; or (D) products having one side coated with a nickel-iron-diffused layer which is less than 1 micrometer in thickness and the other side coated with a three-layer coating composed of a base nickel-iron-diffused coating layer, with a middle coating layer of annealed and softened pure nickel and a surface coating layer of hard, pure nickel which is not heat-treated; with combined coating thickness for all three layers of more than 2 micrometers; surface roughness (RA-microns) 0.18 or less; SEM not revealing oxides greater than 1 micron; and inclusion groups or clusters shall not exceed 5 microns in length.

Final Results of Review; Partial Revocation of Antidumping Duty Order

The affirmative statement of no interest by petitioners concerning carbon steel flat products, as described herein, constitutes changed circumstances sufficient to warrant partial revocation of this order. Also, no party commented on the *Initiation and Preliminary Results*. Therefore, the Department is partially revoking the order on certain corrosion-resistant carbon steel flat products from Japan with regard to products which meet the specifications detailed above, in accordance with sections 751(b) and (d) and 782(h) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.216(d) of the Department's regulations. The Department will instruct Customs to proceed with liquidation, without regard to antidumping duties, of all unliquidated entries of certain corrosion-resistant carbon steel flat products meeting the specifications indicated above entered, or withdrawn from warehouse, for consumption on or after August 1, 1998, the day after the most recent time period that was subject to final results of an administrative review (08/01/97 - 07/31/98). The Department will further instruct Customs to refund with interest any estimated duties collected with respect to unliquidated entries of certain corrosion-resistant carbon steel flat products meeting the specifications indicated above, entered or withdrawn from warehouse, for consumption on or after August 1, 1998, in accordance with section 778 of the Act.

This notice serves as a reminder to parties subject to administrative protective orders ("APOs") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance

with 19 CFR 351.306 of the Department's regulations. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This changed circumstances administrative review, partial revocation of the antidumping duty order and notice are in accordance with sections 751(b) and (d) and 782(h) of the Act and sections 351.216(e) and 351.222(g) of the Department's regulations.

Dated: April 16, 2003.

Joseph A. Spetrini,
Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

Notice of Opportunity To Apply for Membership on the U.S. Travel and Tourism Promotion Advisory Board

AGENCY: International Trade Administration.

ACTION: Notice.

SUMMARY: The Department of Commerce is currently seeking applications for membership on the U.S. Travel and Tourism Promotion Advisory Board ("Board"). The purpose of the Board is to recommend to the Secretary of Commerce the appropriate coordinated activities with regards to funding for the Travel and Tourism Advertising and Promotional Campaign ("Campaign"). Pursuant to Pub. L. No. 108-7, Division B, section 210, the Secretary of Commerce shall in consultation with the private sector design, develop and implement an international advertising and promotional campaign, which seeks to encourage foreign individuals to travel to the United States for the purposes of engaging in tourism related activities.

SUPPLEMENTARY INFORMATION: The Board was established pursuant to the Department of Commerce and Related Agencies Appropriations Act, 2003, section 210 (Public Law 108-7), to advise the Secretary of Commerce on appropriate coordinated activities for funding under the Campaign. The Board shall function as an advisory committee in accordance with the Federal Advisory Committee Act, 5 U.S.C. App. 2, and Department of Commerce policies on Advisory Boards.

The Office of the Deputy Assistant Secretary for Service Industries,
