

§ 1580.101 General statement.

This part provides regulations for the Trade Adjustment Assistance for Farmers program. Under these provisions, producers of agricultural commodities may petition the Department of Agriculture for eligibility to apply for trade adjustment assistance based on criteria set forth in the Trade Act of 1974, as amended by the Trade Act of 2002 (19 U.S.C. 2251, *et seq.*). If the Administrator determines that the national average price for a commodity is less than 80 percent of the preceding 5-year average and that an increase in imports has contributed importantly to the decline in commodity prices, the producers may apply for technical assistance and cash benefits under the program.

(b) Filings may be written or electronic, as provided for by the Administrator, and submitted to FAS from August 17 through January 31. The petitioners shall indicate if they are filing on behalf of all producers in the United States, or if they are filing solely on behalf of producers in a specifically identified impacted area. In the latter case, at least one member of the group must reside in each State within the impacted area, or the authorized representative must have members residing in each State within the impacted area.

(ii) If the petition is filed on behalf of producers in a specifically identified impacted area, the petitioners shall provide national average prices for the impacted area for the marketing year under review and for the previous five marketing years, and identify the source of the price series.
