ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[AL–060–200320(a); FRL–7487–1]

Approval and Promulgation of Implementation Plans: Revisions to the Alabama State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The EPA is approving miscellaneous revisions to the Alabama State Implementation Plan submitted on March 13, 2003, by the State of Alabama. The revisions include addition of rule of chapter 335–3–1–.15 regarding emission inventory reporting requirements for stationary sources, revision of chapter 335–3–3 regarding removal, handling and disposal of asbestos-containing material, revision of chapter 335–3–8 to make minor technical corrections, and revision of chapter 335–3–17 to incorporate changes made to the Federal regulations regarding transportation conformity.

DATES: This direct final rule is effective June 23, 2003 without further notice, unless EPA receives adverse comment by May 27, 2003. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the *Federal Register* and inform the public that the rule will not take effect.

ADDRESSES: All comments should be addressed to: Sean Lakeman; Regulatory Development Section; Air Planning

Branch; Air, Pesticides and Toxics Management Division; U.S. Environmental Protection Agency Region 4; 61 Forsyth Street, SW.; Atlanta, Georgia 30303–8960.

Copies of documents relative to this action are available at the following addresses for inspection during normal business hours:

Environmental Protection Agency, Region 4, Air Planning Branch, 61 Forsyth Street, SW., Atlanta, Georgia 30303–8960.

Alabama Department of Environmental Management, 400 Coliseum Boulevard, Montgomery, Alabama 36110–2059.

FOR FURTHER INFORMATION CONTACT:

Sean Lakeman; Regulatory Development Section; Air Planning Branch; Air, Pesticides and Toxics Management Division; U.S. Environmental Protection Agency Region 4; 61 Forsyth Street, SW.; Atlanta, Georgia 30303–8960. Mr. Lakeman can also be reached by phone at (404) 562–9043 or by electronic mail at lakeman.sean@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Analysis of State's Submittal

On March 13, 2003, the State of Alabama through Alabama Department of Environmental Management submitted revisions to chapter 335–3–1 regarding emission inventory reporting requirements for stationary sources, chapter 335–3–3 regarding removal, handling and disposal of asbestos-containing material, chapter 335–3–8 to make minor technical corrections, and revision of chapter 335–3–17 to incorporate changes made to the Federal regulations regarding transportation conformity.

Rule 335–3–1–.15 is being added to implement the Consolidated Emissions Reporting Rule and adopt the emissions inventory reporting requirements for stationary sources under the Federal Consolidated Emissions Reporting Rule.

Rule 335–3–3–.01(e) is being revised to incorporate a federal requirement for removal, handling and disposal of asbestos-containing material. The regulatory requirements for the demolition of a building by intentional burning is found in 40 CFR 61.145(c)(10).

Rule 335–3–8.10(6)(c) is being revised to clarify intent of the rule to ensure that base years later than 2000 would have an equivalent starting point of 90% data availability. Rule 335–3–8–.12(b)(ii)(I) and (II) and 335–3–8–.12(b)(i)(I) and (II) are being revised to make minor technical corrections.

Rule 335–3–17–.01 is being revised to incorporate changes made to the Federal regulations regarding transportation conformity. On August 6, 2002, EPA promulgated two minor revisions to the Transportation Conformity Rule under 40 CFR part 93. First, this rule implements a Clean Air Act (CAA) amendment that provides a one-year grace period before conformity is required in areas that are designated nonattainment for a given air quality standard for the first time. Although the grace period is already available to newly designated nonattainment areas as a matter of law, EPA has incorporated the one-year conformity grace period into the conformity rule. Second, this rule changes the point by which a conformity determination must be made following a State's submission of a control strategy implementation plan or maintenance plan for the first time. This
