

pages, which may result in a lower score or failure to meet a threshold.

VII. Corrections to Deficient Applications

The General Section of the SuperNOFA provides the procedures for corrections to deficient applications. After the application due date, HUD may not, consistent with its regulations in 24 CFR part 4, subpart B, consider any unsolicited information you, the applicant, may want to provide. HUD may contact you, however, to clarify an item in your application or to correct technical deficiencies. You should note, however, that HUD may not seek clarification of items or responses that improve the substantive quality of your response to any eligibility or selection

factors. Examples of curable (correctable) technical deficiencies include your failure to submit the proper certifications or your failure to submit an application that contains an original signature by an authorized official. In each case, HUD will notify you in writing of a technical deficiency. HUD will notify applicants by facsimile or by USPS, return receipt requested. Clarifications or corrections of technical deficiencies in accordance with the information requested by HUD must be submitted within 5 calendar days of the date you receive HUD notification. (If the due date falls on a Saturday, Sunday or Federal holiday, your correction must be received by HUD on the next day that is not a Saturday, Sunday or Federal holiday). The determination of when

you received the deficiency letter will be based on the confirmation of the facsimile transmission, return or postal tracking information, as appropriate. If the deficiency is not corrected within this time period, HUD will reject the application as incomplete and it will not be considered for funding.
