

These application materials substitute for the forms, certifications, and assurances listed in Section II(H) of the General Section of the SuperNOFA (collectively, the "standard" forms).

In addition to the required narratives, the items that you must submit to HUD as part of the application for homeless assistance funding are the following:

- (1) 2003 Application Summary Form
- (2) Continuum of Care and Project Exhibits
- (3) Gaps Analysis Form
- (4) Project Priorities Form
- (5) Project Leveraging Form
- (6) HUD-424
- (7) Applicant Certifications
- (8) Consolidated Plan Certification(s)

The standard forms can be found in Appendix B to the General Section of the SuperNOFA. The remaining forms (*i.e.*, excluding such items as narratives), referred to as the non-standard forms, can be found in the Application Kit.

The application requires a description of the Continuum of Care system and the proposed project(s). To ensure that no applicant is afforded an advantage in the rating of the Continuum of Care element (described in Section V(A)(4) above), HUD is establishing a limitation of 25 pages, excluding required multiple page tables or charts but including any attachments, on the length of Exhibit 1 of any application submitted in response to this NOFA. HUD will not consider the contents of any pages exceeding this limit when rating the Continuum of Care element of any application. The application kit also contains certifications that the applicant will comply with fair housing and civil rights requirements, program regulations, and other Federal requirements, and (where applicable) that the proposed activities are consistent with the HUD-approved Consolidated Plan of the applicable State or unit of general local government. Projects funded under this SuperNOFA shall operate in a fashion that does not deprive any individual of any right protected by the Fair Housing Act (42 U.S.C. 3601–19), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 *et seq.*), Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) or the Age Discrimination Act of 1975 (42 U.S.C. 6101).

There are three options for submitting an application under this program section of the SuperNOFA.

One: A "Consolidated Application" is submitted when a jurisdiction (or a consortium of jurisdictions) submits a single application encompassing a

Continuum of Care strategy and containing all the projects within that strategy for which funding is being requested. Individual projects are contained within the one consolidated application. Grant funding may go to one entity which then administers all funded projects submitted in the application, or under this option, grant funding may go to all or any of the projects individually. Your application will specify the grantee for each project.

Two: "Associated Applications" are submitted when applicants plan and organize a single Continuum of Care strategy that is adopted by project sponsors or operators who choose to submit separate applications for projects while including the identical Continuum of Care strategy. In this case, project funding would go to each successful applicant individually and each would be responsible to HUD for administering its separate grant.

Three: A "Solo Application" is submitted when an applicant applies for a project exclusive of participation in any community-wide or region-wide Continuum of Care development process.

Options one and two are not substantively different and will be considered equally competitive. Applicants are advised that projects that are not a part of a Continuum of Care strategy will receive few, if any, points under the Continuum of Care rating factors.

VII. Corrections to Deficient Applications

The General Section of the SuperNOFA provides the procedures for corrections to deficient applications (See Section V of the General Section).

VIII. Appeals Process

Applicants may appeal the results of HUD's review and selection process if they believe a HUD error has occurred. Appeals must be in writing to the Assistant Secretary for Community Planning and Development and must state what HUD error the applicant believes has occurred.

IX. Environmental, Local Resident Employment, and Relocation Requirements

(A) Environmental Requirements

(1) *Finding of No Significant Impact.* A Finding of No Significant Impact (FONSI) with respect to the environment was made for this program section of the SuperNOFA, in accordance with HUD regulations at 24 CFR part 50 that implement section 102(2)(C) of the National Environmental

Policy Act of 1969 (42 U.S.C. 4223). The FONSI is available for public inspection during regular business hours in the Department's Office of the Rules Docket Clerk, Office of General Counsel, Room 10276, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410–0500.

(2) *Environmental Reviews.* All Continuum of Care assistance is subject to the National Environmental Policy Act and applicable related Federal environmental authorities. Section 208 of Public Law 106–377 (114 Stat. 1441, approved October 27, 2000) amended section 443 of the Stewart B. McKinney-Vento Homeless Assistance Act to provide that for purposes of environmental review, Continuum of Care projects shall be treated as assistance for special projects that are subject to section 305(c) of the Multifamily Housing Property Disposition Reform Act of 1994, and shall be subject to HUD's regulations implementing that section. The effect of this provision is that environmental reviews for Continuum of Care activities are to be completed by responsible entities (States or units of general local government) in accordance with 24 CFR part 58, whether or not the applicant is itself a State or a unit of general local government. Applicants (such as PHAs or nonprofit organizations) that are not States or units of general local government must request the unit of general local government to perform the environmental review. This statutory provision supersedes those portions of 24 CFR 582.230 and 583.230 that provide for automatic HUD environmental review in the case of applications from such entities. With this exception, conditional selection of projects under the Continuum of Care Program is subject to the environmental review requirements of 24 CFR 582.230, 583.230, and 882.804(c), as applicable. Recipients may not commit or expend any Continuum of Care assistance or nonfederal funds on project activities (other than those listed in 24 CFR 58.22(c), 58.34 or 58.35(b)) until HUD has approved a Request for Release of Funds and environmental certification from the responsible entity. The expenditure or commitment of Continuum of Care assistance or nonfederal funds for such activities prior to this HUD approval may result in the denial of assistance for the project under consideration.

(B) Local Resident Employment

To the extent that any housing assistance (including rental assistance) funded through this program section of the SuperNOFA is used for housing
