

rehabilitation (including reduction and abatement of lead-based paint hazards, but excluding routine maintenance, repair, and replacement) or housing construction, then it is subject to section 3 of the Housing and Urban Rehabilitation Act of 1968, and the implementing regulations at 24 CFR part 135. Section 3, as amended, requires that economic opportunities generated by certain HUD financial assistance for housing and community development programs shall, to the greatest extent feasible, be given to low- and very low-income persons, particularly those who are recipients of government assistance for housing, and to businesses that provide economic opportunities for these persons.

(C) Relocation

The SHP, S+C, and SRO programs are subject to the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA). These requirements are explained in HUD Handbook 1378, Tenant Assistance, Relocation and Real Property

Acquisition. Any person or family who moves, even temporarily, as a direct result of acquisition, rehabilitation or demolition for a project that is assisted through one of these programs (whether or not HUD funded the acquisition, rehabilitation or demolition) is entitled to relocation assistance. Displacement that results from leasing a unit in a structure may also trigger relocation requirements. Relocation assistance can be expensive. To avoid unnecessary costs, it is important to provide occupants with timely information notices, including a general information notice to be sent at the time the application is submitted to HUD. HUD Handbook 1378 contains guideform information notices. The HUD field office can provide a copy of the handbook and copies of appropriate information booklets to be provided to occupants. Accordingly, if the site is occupied, the applicant should contact the HUD field office in the planning stage to obtain advice, including help in estimating the cost of required relocation assistance.
