C. Discharge Planning Policy

The McKinney-Vento Act requires that any governmental agency receiving funding may not receive HUD McKinney funds unless they develop and implement, to the extent practicable, policies for the discharge of persons from publicly funded institutions or systems of care. These institutions and systems of care include health care facilities, foster care or other youth facilities, and corrections programs and institutions. The purpose of developing and implementing discharge policies is to prevent persons being discharged from immediately becoming homeless.

Describe how your CoC will work with the appropriate local and State governments to ensure that a discharge policy for persons leaving publicly funded institutions or systems of care is being developed and implemented to prevent the discharge of persons from immediately resulting in homelessness.

D. Unexecuted Grants Awarded Prior to the 2002 Continuum of Care Competition

Homeless assistance awards are intended to rapidly help homeless individuals and families become more self-sufficient. It is expected that continuums will keep apprised of grants awarded to homeless providers in their jurisdiction(s) and become aware of projects that are not moving forward. Using the prescribed format, please provide a list of all HUD McKinney-Vento Act awards announced prior to 2002 that are not yet under contract (i.e. signed grant agreement or executed ACC).
