

**B. Leased Structure(s) for Housing and/or Services**

If you will lease a structure or portion of a structure for housing and/or services, fill out Chart B below using a monthly leasing cost that is comparable to and no more than the rents being charged for similar space in the area. This applies to structures already configured for housing and for those that will be converted. **If your project has more than one structure, reproduce Chart B and fill it out starting with structure 2.**

Multiply the monthly leasing costs by the number of months requested for funding and enter the result in the total column.

**Chart B** should be filled out only if you will lease a structure or portion of a structure for which an FMR is **not** applicable.

**Chart B:**

Structure 1	Monthly Leasing Cost	Number of Months	Total

**Section K. Budget**

Section K consists of two budgets—a project budget and a structure budget. Please refer to the budgets for specific instructions.

When developing your budget(s), please keep in mind that each structure can receive the maximum amount of funds according to the following per-structure limits:

**For acquisition and/or rehabilitation**, the SHP request for these activities *combined* is limited by law to between \$200,000 and \$400,000 depending on whether the structure is in a HUD-identified high-cost area for acquisition and rehabilitation. Contact your local HUD Field Office to determine if your project is in a high-cost area, and, if so, which of the following percentages or limits apply:

- 100% to 119%, the limit is \$200,000
- 120% to 139%, the limit is \$250,000
- 140% to 159%, the limit is \$300,000
- 160% to 174%, the limit is \$350,000
- 175% and up, the limit is \$400,000

**For new construction**, the SHP request is limited by law to \$400,000 per structure, regardless of where the structure is located. If you propose to acquire land in tandem with new construction, the \$400,000 limit applies to both activities combined. Please note that you can apply for funding to construct and/or operate supportive housing; however, by law you cannot request either of these activities for supportive services only projects.

If you request funds for acquisition, rehabilitation, or new construction, the law requires that you **match** the requested amount with an equal amount of cash for the activities. Documentation of matching funds is not required in this application; however, you will be asked to submit it at a later date.
