

B. Grant Amount. For each property, complete a separate copy of the appropriate chart below showing the number of units by size, expected to be assisted at this property. Multiply the applicable existing FMRs as published in the Federal Register (FR) on September 30, 2002, by the number of units of a given size by the number of months. [Please be advised that the actual FMRs used in calculating your grant will be those in effect at the time the grants are approved which may be higher than those found in the September 30, 2002, FR Notice.] If the units will be rehabilitated and your project qualifies for 10 years of rental assistance, complete chart 2. Otherwise, complete chart 1.

The SRO FMR should be rounded to the nearest whole number before multiplying by the number of units and the number of months. The FMR for each SRO unit is equal to 75 percent of the 0-bedroom FMR.
