

4. Do I have to submit separate project applications to both renew and expand my SHP project?

Yes. If a project is eligible for renewal and the grantee wants to apply for funds to both renew the existing project and to add new activities or expand existing activities to the same project, a separate Exhibit 2, Project Narrative, must be submitted for each. That is, an Exhibit 2 should be submitted requesting the renewal of the existing project and another Exhibit 2 should be submitted requesting funding for only the additional new or expanded activities. In addition, both projects should be listed as separate priorities on the Project Priorities chart in Exhibit 1.

5. How do I determine if my project is eligible for SHP renewal?

To be eligible for an SHP renewal, your current HUD grant must expire during calendar year 2004. A grant is expiring in calendar year 2004 if its term ends during that year. Many grants begin with acquisition, rehabilitation, or new construction which must be completed before term activities can begin. Term activities are those that are funded for a period of time specified in the NOFA, grant agreement, or HUD renewal guidance under which the grant was funded – such as one, two or three years. Term activities are leasing, operations, and supportive services. Note: The term of a grant does not begin until the grantee begins to serve participants.

The term ends when the specified time period for the grant elapses. For example, a 1999 SHP grant was awarded a three-year term. The term ends three years from the time the grantee first serves participants and draws SHP funds for leasing, operations or supportive services, not three years from the first draw of SHP funds for any other approved activity.

However, if a grant term has been extended the term ends when the period of extension expires as indicated in the grant agreement amendment. If the grant whose term was extended is subsequently renewed, the renewal grant term begins when the extension period expires.

Contact your local HUD field office to confirm whether your project is eligible for renewal in this competition. Your discussions with the field office should clarify the terms of any extensions, as well as any amendments that have been executed. Any minor changes (less than 10% shift of funds from one activity to another) should be part of your discussion.

6. How much money can I request for my SHP renewal?

The amount an applicant may request for activities eligible for renewal in an existing project (i.e., leasing, operations, supportive services) is based on the average annual amount of the grant being renewed as approved by HUD for these activities in the existing grant's Technical Submission. Renewal funds can only be requested for continuing a previously approved project at the same level of housing and/or services provided in the previous grant. The amount requested for operations may not exceed 75 percent of the total operations budget and the amount requested for supportive services may not exceed 80 percent of the total supportive services budget (see Section E of this supplement regarding match requirements for these activities).

7. Are there any performance standards my renewal grant will have to meet in order to be funded?

Yes. Performance review standards have been included as part of the threshold review of all renewal projects. Renewal projects must evidence satisfactory performance for their existing grant, in HUD's opinion, based upon the substantial achievement of their program goals as reflected in their most recent Annual Progress Report. Renewal projects must also evidence, consistent with the certification required of them that they are coordinating and integrating their program with mainstream resources, that they have assisted clients to obtain the benefits of the mainstream health, social service, and employment programs for which they were eligible. The failure to achieve a satisfactory level of performance for either of these factors may be used as the basis for rejecting the project.
